INSTITUTIONAL - FOOD PROCESSING - RESIDENTIAL

An effective cleaner, disinfectant and active deodorizer for institutions, food processing facilities, hospitals, clinics, medical, dental and veterinary offices, industrial clean rooms, homes, nursing homes, ambulances, laboratories, and hospitals. Recommended for medical and dental equipment, beds, surgical carts, counter tops, mattresses, telephones, keyboards, furniture, wheelchairs, walkways, sinks, floors, walls, light switches, bean hampers, showers stalls, toilet seats, trash canisters, and dusty areas, including animal waste. Self-sanitizes against odor-causing bacteria and fungi. Reduces the hazards of cross-contamination.

PASSES AOAC EFFICACY STANDARDS FOR DISINFECTANT IN THE PRESENCE OF 5% ORGANIC SOIL FOR INSTITUTIONAL, HOSPITAL AND FARM PREMISES USE.
