EPA Est. No. 11623-0A-1
Net Contents: 1/2 fl oz (14.8 ml)
READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON CATS OR DOGS.

Adams™ Ear Mite Treatment offers relief for dogs and cats suffering from ear mites. Dogs & cats that have ear mites will typically shake their heads and scratch their ears frequently. Ear mites live in the ear canal of the animal and cause a tinnitus, waxy debris to be formed. Ear mites usually induce the formation of a dry, dark brown, waxy exudate with crusts in the ears of pets. Ear mites may be detected by placing some of the waxy debris on a dark surface and carefully watching for the movement of tiny white specks away from the debris. Inflamed, watery, or blooded ear canals indicate a more serious condition which requires the services of a veterinarian.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

HUMANS: Harmful if swallowed. Avoid breathing vapors. Avoid contact with eyes. Wash hands with soap and water after using.

ANIMALS: Avoid contact with eyes. If in eyes, flush with water. Do not use on any other milk-producing animals. Sensitivities may occur after using any pesticide product for pets. If signs of sensitivity occur, bathe your pet well with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

FIRST AID
Call a poison control center or doctor immediately for treatment advice.

IF SWALLOWED:
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

NOTICE NUMBER:
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-254-2099 for emergency medical treatment information.

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To Kill Ear Mites
Clean ears to remove built-up wax and dirt. While firmly holding pet, fill ear canal with labeled number of drops in each ear. Massage base of ear to insur insecticidal action penetrates ear wax. Gently dry ear with a cotton ball, soft cloth, or cotton swab. This product may be applied daily for 7 to 10 days. Repeat treatment in two weeks if necessary.
