Precautionary Statements

Hazard to humans and domestic animals

WARNING: May be lethal if swallowed. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Wear a mask or pesticide respirator jointly approved by the Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Wash thoroughly with soap and water after handling and before eating. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

IF INHALED: Remove person to fresh air; if person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a Poison Control Center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Immediately call a Poison Control Center or doctor for treatment advice. Do not induce vomiting unless told to do by a Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. In case of medical questions, emergencies or accidents involving this product call INFOTRAC at (800) 535-5033.

Note to Physician: Contains petroleum distillates; vomiting may cause aspiration pneumonitis.

Environmental Hazards

This product is toxic to aquatic invertebrates, shrimps, and crustaceans. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, other waters unless in accordance with the requirements of the National Pollution Discharge Elimination System. EPA permit and permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to treatment systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Physical or Chemical Hazards

Do not use, pool, spill or store near heat or open flame. Use only with adequate ventilation. Close container when not in use.

Storage and Disposal

Storage: Store in a secure, well ventilated area, protected from extreme temperatures. If the product has been spilled or is leaking, remove the source of the spill or leak. Recovery free liquid. Spread absorbent, then pick up and place in containers. Then, where applicable, wash area with detergent and water. Store product in the original container only. Do not contaminate water, food or feed by storage or disposal. Keep container closed when not in use.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Water is not effective for removing residues of this product and will create a rinse that needs to be disinfected. Use of mineral spirits for triple rinsing the container is effective and will allow the residue to be used as part of the application mixture. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with mineral spirits and recap. Shake for 10 seconds. Pour the ingredients into application equipment or a mix tank or store residue for later use or disposal. Drain for 10 seconds after pour begins to drip, repeat the procedure two more times. Then offer for recycling, if available, or puncture and dispose in a sanitary landfill, or incinerate, or if allowed by state and local ordinances, by burning. If burned, stay out of smoke.

This Product Will Turn Wood Brown

Copper-Green Brown Wood Preservative

Use wherever wood meets water or soil. Seals wood - kills termites & wood-eating insects. Prevents deterioration caused by: (Previene la deterioración causada por:)

- TERMITES (TERMITAS)
- FUNGUS & MOLD (HONGO Y MOLO)
- ROT & DECAY (PUTREFACCIÓN Y DECAIMIENTO)

Pressure-Treated wood can be treated immediately. Keep out of reach of children. Mantiene fuera del alcance de niños.

Active Ingredient: Copper Naphthenate 10.0%

Total: 100.0%

Combustible: Contains Petroleum Distillates

- Copper as metal, 1%
- Max. V.O.G. = 350 grams per liter

Net Wt. Contents 1 Gal.
