STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.
Pesticide Storage: Do not reuse empty container. Store in a dry place
at 60°F to 120°F.
Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper
disposal of excess pesticide spray mixture or rinseate is a violation of
Federal law. If these wastes cannot be disposed of by use according to
label instructions, contact your State Pesticide or Environmental Control
Agency, or the Hazardous Waste representative at the nearest EPA Regional
Office for guidance.
Container Disposal: Nonrefillable container. Do not reuse or refill this
container. Clean container promptly after emptying. Triple rinse as follows:
Empty the remaining contents into application equipment or a mix tank. Fill
the container ¼ full with water and recap. Shake for 10 seconds. Pour
rinseate into application equipment or a mix tank or store rinseate for later
use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat
this procedure two more times. Offer for recycling, if available.

PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC
ANIMALS
DANGER: Corrosive. Causes irreversible eye damage and skin burns.
Harmful if absorbed through skin. Do not get in eyes, on skin or on clothing.
Wear chemical splash-proof goggles or face shield, rubber gloves and
protective clothing. Wash thoroughly with soap and water after handling
and before eating, drinking using tobacco or using the toilet. Remove
contaminated clothing and wash before reuse.

For Institutional Use

MSDS Ref. # MS0600095

EMERGENCY PHONE: 800-983-4582

This product is a phosphate-free concentrated detergent, which provides effective sanitation. It has been designed specifically for food processing plants, food service establishments, and other institutions where housekeeping is of prime importance. This product is for use as a sanitizer in restaurants, food processing plants and bars. For use on: chopping blocks, countertops, tables, glasses, dishes and utensils.

DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product can be applied by mop, sponge, cloth, paper towel or hand pump coarse trigger sprayer.

Sanitizing Food Contact Surfaces:
1. Pre-flush, scrape or pre-soak articles to be washed.
2. Wash areas or items to be sanitized with clean water and a recommended detergent.
3. Rinse with potable water.
4. Sanitize in a solution prepared by diluting 2 oz. of this product per 3-1/2 gallons water to 200 ppm quaternary level. Immense or wet all surfaces for at least 60 seconds (1 minute) or as required by local sanitation regulations. When solution deprecates or becomes soiled, discard. Test sanitizer solution periodically with a Quaternary Test Kit to ensure 200 ppm active quaternary.
5. Drain and allow equipment or utensils to air dry.

Note: NO POTABLE WATER RINSING of equipment is required. Prepare a fresh solution daily or more frequently if soil is apparent.
