PREVENTS BACTERIA GROWTH

Stabilizes Fuel & Prevents Sludge
Prevents Rust & Corrosion
Lubricates Pumps & Injectors
Cleans-up Injector Deposits
Disperses Water
Increases Cetane Number

ACTIVE INGREDIENTS
4-(2-Nitrobutyl) Morpholine..................................................21.6% by wt
4,4'-(2-Ethyl-2-Nitroethyl) Dimorpholine..1.35% by wt
Other ingredients.................................................................76.85% by wt
Total.................................................................................100%

KEEP OUT OF REACH OF CHILDREN

WARNING
Add 1 gallon BioGuard Plus 6 to 1500 gallons of diesel fuel.

1 Gallon (3.78L)

E.P.A. Registration No. 60061-128
E.P.A. Est. 036654-4L-001
**WARNING**

**PRECAUTIONARY STATEMENTS**

Hazardous to Humans and Domestic Animals. WARNING: HARMFUL IF SWALLOWED OR INHALED. Causes eye and moderate skin irritation. May cause allergic skin reactions. Avoid breathing vapor or mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear safety glasses and chemical-resistant gloves. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewerage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

Do not contain water, food, feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry place in tightly closed original containers. Keep container tightly closed when not in use. Leaking or damaged drums should be placed in over pack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**CONTAINER HANDLING:** Non-refillable Container: Do not reuse or refill this container.Triple rinse or pressure rinse container (or equivalent) promptly after emptying. Offer for recycling. If available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with the labeling.

**HYDROCARBON FLUIDS**

ValVtec BioGuard Plus 6 is a highly effective multi-functional premium diesel fuel additive containing BioGuard Microbicide to prevent bacterial growth in diesel fuel (No. 2 oil, intermediate fuel oil and No. 6 oil). Add ValVtec BioGuard Plus 6 to storage tanks at a rate of one gallon to 1500 gallons (667 ppm) or one quart to 3/4 gallons of diesel fuel. SEE TECHNICAL DATA SHEET FOR MORE INFORMATION OR CALL 1-800-728-6258

**DOSEAGE RATE**

Dosage rate may be determined by other dosage or intermittent metering. To facilitate mixing by slug dosage, add ValVtec BioGuard Plus 6 to the fuel transport or storage tank prior to adding the fuel. Storage tanks should have a 20% seal of fuel and be free of excess water and/ or sludge. Do not over treat.

**NOTE TO PHYSICIAN:** Contains petroleum distillate. Ventilation may cause aspiration pneumonitis and prolonged exposure may cause irritation of the eye. Use with caution if used on a non-surgical basis.
