DANTOBROM® GRANULAR

FOR REFORMULATING AND / OR REPACKAGING USE

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER
DANGER CORROSIVE. Causing irreparable eye damage and skin burns. May be fatal if swallowed. Do not inhale. Irritating to nose and throat. Avoid breathing dust. Use with adequate ventilation. Do not get into eyes, on skin or on clothing. Provide protective clothing, chemical resistant gloves and protective eyewear (goggles, face shields or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS
CHEMICAL HAZARD: STRONG OXIDIZING AGENT. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contact with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of flammable liquids. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large volumes of water if necessary.

CONTENTS: GRANULAR
DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

For use in formulating disinfectants, algaecides, fungicides, bactericides and i / o smidicides for reconditioning water systems, alginatoxins for pup and for manufacture of food and non-food grates at paper and paperboard and in enhanced oil recovery in non-estuarine waters.

Reformulated or repackaged products must be registered with EPA. The registrant must supply data required for their own registration.

FOR HELP IN A CHEMICAL EMERGENCY CALL CHEMTREC 800-424-9300. BEFORE USING CONSULT MATERIAL SAFETY DATA SHEET

OXIDIZING SOLID, CORROSIVE, N.O.S.
BROMOCHLORO-5,5-DIMETHYLYTDANTOIN, 1,3-DICHLORO-5,5-DIMETHYLYTDANTOIN)
MARINE POLLUTANT

HAZARDS TO HUMANS

ACTIVE INGREDIENTS
1-bromo-3-chloro-5,5-dimethylhydantoin . . . 14.0%
1,3-dichloro-5,5-dimethylhydantoin . . . 18.0%
1,3-dichloro-5-methyl-5,5-dimethylhydantoin . . 15.0%
Other Ingredients . . . . Total 100.0%

Total Available Halogen as bromine . . . . 66.8%
Total Available Halogen as chlorine . . . . 14.1%

EPA Reg. No. 6836-338 EPA Est. No. 6836-PA-1

KEEP OUT OF REACH OF CHILDREN
DANGER
See left panel for Precautionary statements

FIRST AID
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE:
- Do not store in direct sunlight.
- Do not store at temperatures above 100°F.
- Store in a well ventilated area away from heat or open flame.
- In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to the label instructions, contact your State Pesticide or Environmental Control Agent or the hazardous waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Clean container properly after emptying. (Metal and plastic containers): Triple rinse as follows: Fill container 1/4 full with water and reclose the container. Agitate vigorously, and dispose of rinse water consistent with pesticide disposal instructions. Repeat two more times. Then offer for recycling if available or puncture and dispose in sanitary landfill or by other procedures approved by state and local authorities. Follow pesticide disposal instructions for rinsates. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations. (Fiber drums and liners): Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Then dispose of liner and drum in a sanitary landfill or incinerate if allowed by state and local authorities. Do not reuse empty drum or liner.
