EasySpot™ contains fipronil to effectively kill fleas and ticks, including those that may transmit Lyme disease.

How to Open:
1. Remove product tube from package.
2. Separate one tube from the others.
3. Holding the tube with the label end pointing up and away from the face and body, cut off the narrow end at the notches with scissors.

How to Apply:
1. Insert one end of the tube into the skin of the cat's neck at the shoulder blades.
2. Apply the contents of the tube of EasySpot™ as a spot between the shoulder blades.
3. Squeeze tube gently to apply all the solution to the cat's skin.

READ ENTIRE LABEL BEFORE EACH USE
FOR CATS AND KITTENS OVER 8 WEEKS OF AGE

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not allow children to apply product. TO PREVENT HARM TO YOU AND YOUR PET, READ ENTIRE LABEL BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. FOR EXTERNAL USE ON CATS ONLY. DO NOT USE ON RABBITS. DO NOT USE ON OTHER ANIMALS.

Do not use on kittens under 8 weeks of age. Best if used year round. Consult a veterinarian before using this product on cats with dermal, auditory, or ocular disease. Consult a veterinarian before using on cats with known organ dysfunctions. Some may experience some temporary irritation at the site of product application. Certain medications can interact with pesticides. Sensitivity may occur after using ANY pesticide product on pets. If signs of sensitivity occur bathe your cat with a mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

How to Open: Remove product tubes from the package. Separate one tube from the others. Hold the tube with notched end pointing up and away from the face and body, use scissors to cut off the narrow end at the notches.

How to Apply: While holding the cat with one hand, use the other hand to apply the solution. Invert the tube and use the open end to put the cat's coat. Apply contents of one tube of EasySpot™ at the spot between the shoulder blades. Hold the cat for a few seconds to give the solution time to be absorbed into the cat's coat. When finished, wrap the tube in paper and put into the trash. Only one application per treatment is needed. Repeat application may be made if necessary, but do not apply more often than once every 30 days.

FREQUENCY OF APPLICATION
Use EasySpot™ monthly for control of fleas, ticks, and chewing lice infestations. Studies show that EasySpot™ kills fleas for up to six weeks. If your pet is at high risk for flea reinfestation or in a highly infested environment, apply monthly. Apply monthly to control ticks and chewing lice. EasySpot™ remains effective after water immersion or exposure to sunlight. Allow treated area to dry thoroughly. Cats can be bathed 24 hours after treatment. Do not reapply for 30 days.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Do not remove tube from the pack until ready to use. Store in a cool (below 77°F) dry place inaccessible to children and pets. Do not refrigerate. Protect from direct sunlight.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. If empty, place in the trash or offer for recycling if available. If partly filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
