- Contains pyrethrin 0.5% and permethrin 0.5% (magnified)
- Kills lice, ticks, and chiggers.
PARASTAR® Plus (fipronil/cyphenothrin)

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL BEFORE EACH USE.

DO NOT USE ON CATS. May be toxic and potentially fatal if applied to or ingested by cats. FOR EXTERNAL USE ON DOGS ONLY. Do not use on puppies under 12 weeks of age. Weigh your dog and be sure you are applying the right dose formulated for the weight of your pet. Do not treat your pet with more than one pesticide product at a time. Over dosing your animal can result in serious illness and even death. Best if used year round. Certain medications can interact with pesticides. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. DO NOT USE ON CATS or animals other than dogs. Separate the treated dog from all other dogs and cats for 24 hours after application. Cats and dogs that actively groom or engage in close physical contact with treated dog may be at risk for serious harmful effects. The most common signs of ingestion are excessive salivation and foaming at the mouth. If these symptoms occur immediately, feed your dog and continue to monitor your dog for the next 24 hours. If symptoms persist, call 1-800-637-0281 to talk to a veterinarian. Cats exhibiting these same symptoms from ingestion should be taken to a veterinarian immediately. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your vet before applying any topical, flea and tick control product.

Sensitivities may occur after using ANY pesticide product on dogs. If signs of sensitivity occur bathe your dog with a mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately by calling 1-800-637-0281.

HOW TO OPEN
1. Remove product tube from the package.
2. Separate one tube from the others.
3. Holding the tube with the notched end pointing up and away from the face and body, cut off the narrow end at all the notches with scissors.

HOW TO APPLY:
1. Invert tube over dog and use open end to part dog’s hair.
2. Squeeze tube firmly to apply all of the solution to the dog’s skin as a spot to the dog’s back between the shoulder blades.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Do not remove tube from the pack until ready to use. Store in a cool (below 77°F) dry place inaccessible to children and pets. Do not refrigerate. Protect from direct sunlight.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. If empty, place in the trash or offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
