**BED BUG FIX™** uses food-grade oils and extracts to control bed bugs safely and effectively.

**Bed Bug Fix™** is a contact insecticide that provides quick knockdown and kill, broad spectrum control, is safe to use around children and pets and offers a pleasant botanical scent.

**Bed Bug Fix™** may be used on mattresses, bedding, sofas, stuffed chairs, carpets, rugs and other upholstered surfaces.

This product has not been registered by the U.S. EPA. Nu-Safe represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

**DIRECTIONS FOR USE:** Shake well before using. **FIRST TIME USE:** Thoroughly spray Bed Bug Fix™ on the surfaces where bed bugs and crawling insects are usually found including upholstered surfaces, walls, baseboards, moldings, doors, cabinets, shelves, sinks and pipes with special attention to cracks and crevices, niches, dark corners, drains and other harborage sites.

Do not saturate. Allow product to dry for 2 to 4 hours and vacuum thoroughly. **REGULAR USE:** Spray Bed Bug Fix™ once or twice a week or as needed to keep bugs away. Vacuuming is not necessary but recommended.

**COVERAGE AREA:** A 32-ounce bottle of Bed Bug Fix™ will treat approximately 600 sq. ft. (an area of 30 ft x 20 ft).

**STORAGE:** Store in a cool, dry area inaccessible to children or pets. Store and transport in an upright position.

**DISPOSAL:** Refillable container; refill container with only Bed Bug Fix™. IF EMPTY: Place in trash or offer for recycling if available.

**FIRST AID:** Be careful not to get in the eyes. If in eyes: Rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. If on skin: Wash with soap and water. If swallowed: Immediately call a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor for treatment.
