Ortho Home Defense Max Refillable Bait Station

EPA Reg No. 7173-293-239 (2.52 oz)
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ THIS LABEL and follow all use directions and use precautions. Use only for the sites, pests, and application method described on this label. USE RESTRICTIONS: This bait station may be used in indoor areas accessible to children, consistent with all use restrictions and other requirements indicated on this label. DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS. This product may only be used to control house mice inside buildings. For use in non-food/non-feed areas. Do not contaminate human or pet food preparation items or areas. Do not place near or inside ventilation duct openings.

Selection of Treatment Areas:
Determine areas where mice will most likely find and consume bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors or walls, or in locations where house mice or their signs have been seen. Remove as much alternative food as possible.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals
CAUTION: Harmful if swallowed, absorbed through the skin, or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing dust. Keep away from children, domestic animals and pets. Wear waterproof gloves when handling bait or treated rodents. Wash arms and face with soap and water after handling bait or bait stations. FIRST AID: Have this label with you when obtaining treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice. If inhaled: Move person to fresh air. If person is not breathing, call an ambulance then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor immediately for treatment advice. Treatment for Pet Poisonings: If animal eats bait, call veterinarian at once. Note to Physician or Veterinarian: Contains the anti-coagulant chlorophacinone. If swallowed, this material may reduce the clotting ability of blood and cause bleeding. For humans or dogs that have ingested this product, or have obvious poisoning symptoms/breathing or prolonged prothrombin times, give Vitamin K, by intramuscular or oral administration.

ENVIRONMENTAL HAZARDS:
This product is extremely toxic to mammals and birds. Dogs, cats and other predators and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait.

STORAGE AND DISPOSAL
Pesticide storage: Store only in original container in a cool, dry place inaccessible to children and pets. Disposal: Nonrefillable container. Do not reuse or refill this container except as described in the directions for use. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never pour unused product down any indoor or outdoor drain.

Warranty: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use in accordance with the label directions.

APPLICATION DIRECTIONS:
1. Clean up. Eliminate possible rodent food sources. Store food in sealed containers and sweep up food spills.
2. Select Area for Placement: Focus on areas where rodents have been active—generally along walls, between floors or walls, inside cabinets, under appliances, in basements, attics or garages. Be sure to place out of reach of pets.
3. Bait Station: Remove bait station from package and place station at horizontal or vertical position against wall with both entrances exposed. When using multiple bait stations, space them 8 to 12 feet apart.
4. Dispose: Maintain a constant supply of fresh bait for 15 days or until signs of mouse activity cease. See refill instructions on how to refill bait station. When rodents are eliminated, wear waterproof gloves to remove and dispose of all visible dead animals and remaining bait.
5. Prevent: To prevent another infestation, limit sources of rodent food and water as much as possible.

Easy Slide Bait Tray

EPA Reg No. 7173-293-239 (2.52 oz) Ortho Home Defense Max Refillable Bait Station
**REFILL INSTRUCTIONS:**

**Step 1**
While pushing both buttons down, pull out tray.

**Step 2**
Press wrapped bait block firmly into tray making sure peg goes through the center of the bait block. Mice will eat through wrapper.

**Step 3**
Slide tray into station until you hear a click.

**Step 4**
Place station in horizontal or vertical position against wall with both entrances exposed, in areas that are NOT accessible to pets.

**Warranty:** To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

*Ortho Guaranteed: If for any reason you, the consumer, are not satisfied with this product, mail us your original proof of purchase to obtain full refund of your purchase price.
