HORNET
KILLER

FOAM
STOPS WASPS
INSTANTLY
Jet spray reaches nests up to
20 FEET above ground

KILLS FIRE ANTS, SCORPIONS
AND BLACK WIDOW SPIDERS

ACTIVE INGREDIENTS:
Tetramethrin [(1-Cyclohexene-1,2-dicarboximidyl) methyl 2,2-dimethyl-3-
(2-methylpropenyl) cyclopropanecarboxylate] .......................... 0.290%
Sumithrin (3-Pheoxylexyl) (1RS, 3RS, 1RS, 3SR)-2,2-dimethyl-3-
(3-methylprop-1-enyl) cyclopropanecarboxylate .......................... 0.390%
OTHER INGREDIENTS: ............................................................... 99.300%
TOTAL: ........................................................................... 100.000%

KEEP OUT OF REACH OF CHILDREN
CAUTION
SEE BACK PANEL FOR FIRST AID AND ADDITIONAL PRECAUTIONARY STATEMENTS

NET WT. 16 oz (453 g)
HARRIS YELLOW JACKET, WASP & HORNET KILLER

FIRST AID
IF ON SKIN OR CLOTHING:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call your local poison control center or doctor for treatment advice.
- Wash your hands and your clothing well.
- How the product container label with you when calling a poison control center or doctor, or giving for treatment. For information, see the information for medical emergencies or product incidents. Call 1-800-760-8772.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing.
Wear long-sleeved shirt, long pants, shoes and chemical resistant gloves.

ENVIRONMENTAL HAZARDS
This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water. Drift and runoff may be lethal to aquatic organisms in and water adjacent to treated areas. Do not contaminate water when disposing of animal feed. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blossoms or weeds. Do not apply this product or allow it to drift onto blossoms or weeds while bees are actively visiting the area.

USER SAFETY RECOMMENDATIONS
Use should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Then should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PHYSICAL OR CHEMICAL HAZARDS
Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to possibility of shock hazard.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE
General Precautions & Restrictions:
Avoid contamination of food and feedstocks. Do not use or store in areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not store in serving areas where food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. Do not apply when food is present. Exposed food should be removed. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets and birds from fish aquariums and ornamental fish ponds before spraying and turn aquarium systems off. Do not allow children or pets to enter treated area until vapors have dissipated. Do not apply this product in a way that will contact adults, children or pets either directly or through drift. All outdoor applications must be limited to spot or crack-and-crease treatments only, except for the following permitted uses:
1. Treatment to soil or vegetation around structure, and
2. Applications to building foundations, up to a maximum height of 3 feet.
Other than applications to building foundations, all outdoor applications to impervious surfaces, such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crease applications only.
Do not water the treated area to the point of runoff. Do not make applications during rain.

Use Precautions:
1. Avoid spraying desirable plants. Rinse with water any desirable foliage that is contacted with spray.
2. This product may stain or otherwise affect vinyl, painted and plastic surfaces. Avoid application to asphalt roofing shingles, as staining may occur. Before using areas where spray may contact these surfaces, test on inconspicuous area and recheck in a few hours.

OUTDOOR USES: Under covers, near window frames, doorways, carpentry, plastic areas and outdoor patio areas.
INDOOR USES: Attics and anywhere nests are built and where food or feed are not exposed.

Kills insects and eliminates the nests where they live and breed. Insects will fail to the ground and die after spraying. Kills any insects inside the nest, as well as any returning.

Kills Wasps, Yellow Jackets and Hornets:
To treat nests:
1. Spray at sunrise or dusk when insects are nest active.
2. Stand a safe distance from the nest, and not right under the nest. Do not stand directly underneath, and not right under the nest.
3. Always hold can upright while spraying.
4. With wind at your back, aim actuator at the nest, and push button to spray.
5. Spray opening of nest until soaked, then spray the rest of the nest.
6. Exposing form will remain on the nest to kill insects that return to the nest.
7. Wait at least 24 hours before removing the nest.

Kills other Insects, Including Fire Ants, Spiders (Including Black Widow Spiders), Scorpions, Cockroaches, Ants, Flies, Ticks, Centipedes, Earwigs, Flies and Mosquitoes:
1. Spray short-test around doors, directly on insects.
2. For scorpions, stand 3-4 feet away and thoroughly cover the nest.
3. Make sure scorpions are dead before removing.

Use Tips:
1. Fully spray wind at your back and avoid spray drift.
2. Avoid spraying vegetation directly
3. Rinse with water any desirable foliage that is contacted with spray.

STORAGE AND DISPOSAL
Do not contaminate water or food or feed by storage or disposal of this product.

Pesticide Storage: Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling: Do not puncture or incinerate container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.

NOTICE: Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
