PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. You may contact 888-314-6171 for emergency medical treatment information.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
CONTAINER STORAGE/DISPOSAL: Store in an area inaccessible to children.
Wipes: Dispose of wipe in trash after use. Do not flush. Canister: Tightly close lid between uses to retain moisture. Nonrefillable container. Do not reuse or refill this container. Offer empty container for recycling if available or discard in trash.

TO OPEN PACKAGE: 1. Lift tab at front of lid to open. 2. Pull up corner of center sheet and thread through dispenser slit in lid. 3. Pull out exposed wipe at a 45 degree angle and snap off. The next wipe is ready for dispensing. 4. Close lid to retain moisture. 5. Dispose of used wipes in trash. Do not flush.

ACTIVE INGREDIENTS
Alkyl (60% C14, 30% C16, 5% C12, 5% C19) dimethyl benzyl ammonium chlorides ........................................ 0.14%
Alkyl (68% C12, 32% C14) dimethyl ethylbenzyl ammonium chlorides .................................................. 0.14%
INERT INGREDIENTS ........................................................................ 99.72%
Total ......................................................................................... 100.00%

NET CONTENTS: 2 LB. 0.3 OZ. – 125 PRE-MOISTENED WIPES – 7 in. x 8 in.
NABC Hard Surface Disinfecting Wipes is formulated to disinfect hard, non-porous, inanimate environmental surfaces such as metal surfaces, stainless steel surfaces, plastic surfaces, and bathrooms. This product is intended for use in: hospitals and healthcare settings, schools, athletic facilities, transportation terminals, grocery stores, shopping centers, daycare centers, institutional kitchens and/or bathrooms, correctional facilities, veterinary clinics. This product will clean and disinfect hard, non-porous, surfaces of: hospital beds, grocery cart handles, computers, countertops, desktops, doorknobs, headsets, keyboards, railings, tabletops, telephones, bathroom faucets, kitchen faucets, and gym equipment.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is not to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.

CLEANING: Use one wipe to completely remove all loose dirt and debris from surfaces to be treated.

DISINFECTING: To disinfect hard, non-porous surfaces, thoroughly wet the surface to be treated. Treated surface must remain visibly wet for disinfecting. Use enough wipes for treated surface to remain visibly wet for 5 minutes. For heavily soiled surfaces, clean before following disinfecting instructions. Allow surfaces to air dry.

This product is an effective disinfectant against Escherichia coli O157:H7, Pseudomonas aeruginosa, Salmonella enterica, Staphylococcus aureus, Streptococcus pyogenes, Vancomycin resistant Enterococcus faecium, Methicillin resistant Staphylococcus aureus, Community Associated Methicillin resistant Staphylococcus aureus Genotype USA400, Community Associated Methicillin resistant Staphylococcus aureus Genotype USA300 and Vancomycin intermediate resistant Staphylococcus aureus.

*VIRUCIDAL ACTIVITY: This product is an effective virucide on hard, non-porous surfaces against Influenza A/Japan, Herpes Simplex Virus 1, Human Immunodeficiency Virus, Type 1 and Herpes Simplex Virus 2 when the treated surface is allowed to remain wet for 5 minutes. Allow surfaces to air dry.

KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1.

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks and eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

CONTACT TIME: Allow surface to remain wet for 5 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

FUNGICIDAL ACTIVITY: This product is an effective fungicide against Trichophyton mentagrophytes (causative agent of Athlete's Foot fungus, a cause of ringworm), when used as directed on hard surfaces found in bathrooms, shower stalls, locker rooms, exercise facilities or other clean, hard, non-porous, surfaces commonly contacted by bare feet. The surface must remain visibly wet for 3 minutes. Allow surfaces to air dry.

SANITIZING/DEODORIZING: To sanitize/deodorize hard, non-porous surfaces: wipe surface, using enough wipes to allow treated surface to remain wet for 15 seconds for Staphylococcus aureus, Klebsiella pneumoniae, Listeria monocytogenes, Escherichia coli O157:H7 and 1 minute for Campylobacter jejuni. Let surface dry. For highly soiled surfaces, clean excess dirt first.

EFFICACY TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE, VIRUCIDE AND FUNGICIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).

For surfaces that may come in contact with food, a potable water rinse is required.

For plastic and painted surfaces, spot test on an inconspicuous area before use. This product will not harm most surfaces: including acrylic, fiberglass and vinyl. Do not use on unpainted wood. Not for personal cleansing. This is not a baby wipe! Do not flush in toilet.
