Low Temp Dish Machine Sanitizer

KEEP OUT OF REACH OF CHILDREN
DANGER

FIRST AID
If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

If Swallowed: Call a poison control center or doctor for further treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

24 HOUR MEDICAL EMERGENCY NUMBER: 888-314-6171

Have the product container or label with you when calling a poison center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

(See back panel for additional precautions.)

Spartan Chemical Company, Inc., 1110 Spartan Drive, Maumee, Ohio 43537 USA
#7654  NET CONTENTS: 1 U.S. Gallon / 3.79 Liters
Sanitizer 54
Low Temp Dish Machine Sanitizer

This product is for use with mechanical warewashing equipment to sanitize tableware made of stainless steel, glazed ceramic, china, glass, polypropylene, polyethylene and other nonporous materials marked as "dishwasher safe".

This product is effective against Salmonella typhi (ATCC 6539).

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Note: This product degrades with age. Use a chlorine test kit and adjust dosage as necessary to obtain the required level of available chlorine.

TABLEWARE SANITIZER FOR MECHANICAL SPRAY DISHWASHING MACHINES

This product is applied in the final sanitization cycle of low temperature dishwashing machines. All items to be sanitized must be clean before application of this product.

Adjust dishwasher's chemical dispensing device to meter proper amount of product into the dishwashing machine.

For sanitizing tableware in low temperature dishwashing machines, inject SparClean Sanitizer 54 into final rinse water at a concentration of 100 ppm available chlorine.

(2 oz. product into 13 gallons of water) Do not allow concentration to fall below 50 ppm. Do not exceed 200 ppm. Test sanitizer frequently during operation with a chlorine test kit to ensure that solution does not drop below 50 ppm available chlorine.

When sanitization cycle is complete, remove sanitized tableware from the dishwashing machine and allow items to air dry. Do not rinse items with water after sanitizing.

Sanitizer used in automatic systems may be used in the general cleaning process but may not be reused for sanitizing purposes.

If a chlorine test kit is not available, a starting concentration of 200 ppm should be used.

(4 oz. product into 13 gallons of water)

Local public health codes vary with regard to the concentration of available chlorine permitted in the final rinse water of chemical sanitizing dishwashing machines. Check with your local public health department for the regulations in your area. Note: Do not use on silver, silver plate or pewter as these metals may darken.

PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes skin and eye damage and skin burns to broken skin. May be harmful if swallowed. Wear safety glasses, goggles and rubber gloves when handling this product.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not re-enter until strong odors have dissipated.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with gross filth such as feces, urine, etc., or with ammonia, acids, detergents or other chemicals may release hazardous gases irritating to eyes, lungs and mucous membranes.

STORAGE AND DISPOSAL

Do not contaminate water food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry area inaccessible to children.

Pesticide Disposal: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative of the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill container. Triple rinse as follows. Fill container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for rinseate disposal. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
