ACTIVE INGREDIENTS:
Bromoxynil (5-bromo-3-sec-butyl-6-methyluracil) ................. 4.0%
Diquat (5,6-dichloropicolinic acid), 1,1-dimethylurea ............ 4.0%
OTHER INGREDIENTS: ............................................. 92.0%
Total: ........................................................................ 100.0%

WEED BLAST 8 G Weed Killer

NON-CROP WEED CONTROL INDUSTRIAL USE ONLY

Weed Blast 8 G is a nonselective herbicide for controlling a wide range of annual and perennial weeds and grasses. It is registered for industrial use only such as railroad, utility and highway rights-of-way, and industrial areas. 100 to 200 pounds per acre applications of Weed Blast 8 G per acre usually result in a nonproductive condition of the soil for a period of a year or more. The duration of nonproductivity is dependent upon rainfall, soil type, and other conditions. Application with a spray gun, a drop-on backpack sprayer or a gravity feed backpack sprayer is prohibited.

Weed Blast 8 G should be applied as a dust, as a spreader, or with any equipment which will distribute the chemical uniformly over the area to be treated. For the control of annual and most perennial weeds and grasses, apply Weed Blast 8 G at the rate of 100 to 300 pounds per acre; on smaller plots, 1/4 to 1/2 pound per 10 square feet. Repeat spot treatment may be required when deep rooted perennial weeds are present. The maximum application rate of product that may be applied over 12 ft. per year or 1,000 lbs. of product per acre per year. To obtain the best results, Weed Blast 8 G should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later season.

Weed Blast 8 G is gray, however, it can be applied at any time of the year except when the ground is frozen. Maximum effectiveness in controlling weeds is obtained when application is made just prior to the rainy season. Users should consult state agricultural experimentation stations or extension service weed specialists for recommendations as to use in their particular area. May not be used to treat tents of ditches, seasonally dry flood plains, deltas, marshes, swamps, bogs, and transitional areas between upland and lowland sites.

KEEP OUT OF REACH OF CHILDREN CAUTION!
FIRST AID
IF IN EYES
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Call a poison control center or doctor for treatment advice.

IF ON SKIN
Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED
Take off to a fresh air. Call a poison control center or doctor for treatment advice.

IF SWALLOWED
Do not induce vomiting unless told to do so by a poison control center or doctor.
Do not give anything by mouth to an unconscious person.

For emergency information, contact CHEMTREC at 1-800-424-9300 (24 hours).
Have the product container or label with you when calling a poison control center or doctor for treatment advice.
SEE ADDITIONAL PRECAUTIONARY STATEMENTS

Rights-of-Way/Non-Crop Areas:
Maximum rates per application:
12.0 pounds bromoxynil active ingredient per acre in areas of high rainfall or dense vegetation.
8.0 pounds diquat active ingredient per acre in all other areas.
Apply a maximum of two applications per year.
Minimum retreatment interval: 90 days.

Non-Agricultural Requirements:
The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (29 CFR 1910.146).
Applying products to any non-agricultural site, such as rights-of-way, rights-of-way, or non-agricultural sites, or any other site not covered by the Worker Protection Standards for Agricultural Pesticides (29 CFR 1910.146). This WPS applies when this product is used to produce agricultural products on farms, forests, nurseries, or other non-agricultural sites. Do not enter or allow others to enter the treated area until dusts have settled.

ENTRY RESTRICTIONS
Do not enter or allow others to enter the treated area until dusts have settled.
Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

STORAGE AND DISPOSAL
DO NOT contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store product in original container only, away from other pesticides, fertilizer, food, or feed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING FOR BAG: Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration, if allowed by state and local authorities, by burning, if burned, stay out of smoke.

CONTAINER HANDLING FOR PAIL OR JUG: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Then offer for recycling if available or dispose of in a sanitary landfill, or by incineration, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS & DOMESTIC ANIMALS
CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category A on an EPA chemical-resistant container selection chart.

Loaders, applicators and other handlers must wear:
Long-sleeved shirt and long pants.
Shoes plus socks.
Chemical resistant gloves made of any waterproof material such as polyethylene or polyvinylchloride.

In addition, applications using tractor drawn spreaders and all loaders must wear a NIOSH-approved particulate filtering respirator equipped with an N, P, or R class filter media. The respirator should have a NIOSH-approved number prefix TC-84A. It is recommended that you require the respirator wearer to be fit tested, and trained in the use, maintenance, and limitations of the respirator.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washable equipment, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS
Users should wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing/PPE immediately if pesticide splashes. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS
For terrestrial use, do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your state Water Board or Regional Office of the EPA.

For terrestrial uses, do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters or rinsates. Apply this product only as specified on this label.

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

CONDITIONS OF SALE
1. Seller warrants that the product consists of the ingredients specified and is reasonably fit for use as directed on the label. No one other than seller of seller is authorized to make any warranty, guarantee, or direction concerning this product. 2. Because the time, place, rate of application, and other conditions of use are beyond Seller's control, to the extent consistent with applicable law, Seller's liability from handling, storage, and use of this product is limited to replacement of product or refund of purchase price.
