READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS OR PUPPIES OVER 7 WEEKS OLD

PRECAUTIONARY STATEMENTS
Hazardous to Humans and Domestic Animals
Avoid external use on dogs only. Do not use this product on cats.

Use only on dogs and puppies over the age of 7 weeks (1.8lb. and 3.0lb. sizes)
WARNING: Causes of death, but temporary injury, may cause death at the site of application, may occur after using AMP pesticide products for dogs, if signs of sensitivity occur, bathe your dog with mild soap or shampoo and rinse with large amounts of water. If signs of individual animal sensitivity occur and persist, contact your veterinarian. Have the product container or label with you when calling your veterinarian for advice.

DO NOT USE ON CATS
Due to their unique physiology and sensitivity, certain compounds, this product must not be used on cats. If applied to a cat, or ingested by a cat that actively grooms a recently treated dog, this product may have serious harmful effects. If this occurs, contact your veterinarian immediately.

FIRST AID
If in eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes. Continue rinsing. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may contact 1-877-847-3909 or after 6 pm EST call 1-888-428-4435 immediately for treatment advice.

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. If skin appears irritated after rinsing call a poison control center or doctor, or 1-877-847-3909 after 6 pm EST call 1-888-428-4435 immediately for treatment advice.

Discard empty applicator tube as outlined in Storage and Disposal.
7. Repeat every month or as recommended by your veterinarian but do not more than every 30 days.
8. For optimum treatment, control and prevention of adult and immature fleas, ticks, mosquitoes, lice, mites (including mange mites) and biting and sand flies year-round treatment is recommended.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.
Storage: Store in a cool, dry place. Protect from freezing.
Disposal: If empty, do not reuse the container. Place in trash or offer for recycling if available. If partially filled, call your local solid waste agency for disposal instructions.
Never place unused products down any indoor or outdoor drain.

LIMITED WARRANTY AND LIMITATION OF DAMAGES
Seller warrants that the materials conform to the chemical parameters of the US EPA registration and label. To the extent consistent with applicable law, Seller makes no warranty, express or implied, other than indicated on the label. Buyer and user assume all risk of use and handling of this material. To the extent consistent with applicable law any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential or commercial damages such as loss of profit or revenue.

Volume varies with size of animal for which package is intended and number of applications per package. Product packaged in 5 applications per package. Total volume will correspond to number of applicators.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with the labeling. [Preliminary: if you do not understand this product, you must not use this product until the label has been fully explained to you.]

HOW TO APPLY:
1. USE ONLY ON DOGS. DO NOT USE ON CATS OR OTHER ANIMALS.
2. Remove applicator from package.
3. The dog should be standing or in a comfortable position for easy application.
4. Holding the applicator tube upright pointing away from face, place thumb and index finger around the applicator tip under the lamp. With other hand, grasp the stem of applicator finger tip and apply the upward pressure and continue until the entire dose is delivered. Use the tip of the applicator to press the head down to the level of the skin and slowly apply the product. Do not make superficial application to dog's hair.

ALTERNATE APPLICATION

For dogs weighing 2.5 to 10 lbs: Apply the product to one spot, as shown in the diagram, on the neck behind the ears or on the back of the neck, immediately above the shoulder blades and continuing to the side shown in the diagram. Using the applicator tube, apply the entire dose slowly and thoroughly onto the skin of the dog, spreading the application tube until empty.

For dogs weighing 11 to 20 lbs: Apply the product to one spot, as shown in the diagram, on the neck behind the ears or on the back of the neck, immediately above the shoulder blades and continuing to the side shown in the diagram. Using the applicator tube, apply the entire dose slowly and thoroughly onto the skin of the dog, spreading the application tube until empty.

For dogs weighing 21 to 55 lbs: Apply the product to one spot, as shown in the diagram, on the neck behind the ears or on the back of the neck, immediately above the shoulder blades and continuing to the side shown in the diagram. Using the applicator tube, apply the entire dose slowly and thoroughly onto the skin of the dog, spreading the application tube until empty.

For dogs weighing 56 to 95 lbs: Apply the product to one spot, as shown in the diagram, on the neck behind the ears or on the back of the neck, immediately above the shoulder blades and continuing to the side shown in the diagram.
