READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON DOGS OR PUPPIES OVER 7 WEEKS OLD

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

For external use on dogs only. Do not use this product on cats.

- Use only on dogs and puppies over the age of 7 weeks (1.68 ml and 3.0 ml sizes)

WARNING: Causes substantial, but temporary eye injury, harmful if swallowed or absorbed through skin. DO NOT get in eyes or on clothing. Avoid contact with skin. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco products.

Do not use this product on debilitated, aged, medicated, preganant or nursing dogs, or dogs known to be sensitive to pesticide products without first consulting a veterinarian.

Individual sensitivity, such as slight transitory redness, edema, pruritus or pruritis at the site of application, may occur after using any pesticide product for dogs. If signs of sensitivity occur, bathe your dog with mild soap or shampoo and rinse with large amounts of water. If signs of individual animal sensitivity occur and persist, contact your veterinarian. Have the product container or label with you when calling your veterinarian for advice.

DO NOT USE ON CATS. Due to their unique physiology and inability to metabolize certain compounds, this product must not be used on cats. If applied to a cat, or ingested by a cat that actively grows a recently treated dog, this product may have serious harmful effects. If this occurs, contact your veterinarian immediately.

FIRST AID

If in eyes:
- Hold eyes open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center, or doctor for treatment advice.

If swallowed:
- Call a poison control center, or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

If on skin:
- Take off contaminated clothing. Wash skin immediately with plenty of water for 15 – 20 minutes. If skin appears irritated after rinsing call a poison control center or doctor, or 1-877-847-3500 after 5 pm EST call 1-888-476-4435 immediately for treatment advice.

If you have the product container or label with you when calling a poison control center or doctor for treatment advice, you may contact 1-877-847-3500 or after 5 pm EST call 1-888-476-4435 immediately for emergency medical information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. (Precaucion al consumidor: si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.) (To the user: If you cannot speak English, do not use this product until the label has been fully explained to you.)

HOW TO APPLY:

1. USE ONLY ON DOGS. DO NOT USE ON CATS OR OTHER ANIMALS.
2. Remove applicator from package.
3. The dog should be standing or in a comfortable position for easy application.
4. Holding the applicator tube upright pointing away from face, place thumb and index finger around the applicator tip under the large disk. With other hand, grasp the stem of applicator tip above smaller disk. Push down firmly on small disk until both disks meet, piercing the seal. See Illustration.
5. Using the tip of the applicator, part the hair down to the level of the skin and slowly apply the product. Do not make superficial application to your dog's hair.

FOR DOGS WEIGHTING 2.5 TO 20 LB, Apply the product to the dog's back, between the shoulder blades and in the center of the back. See Illustration.

FOR DOGS OVER 55 LB, Apply the product to the dog's neck behind the ears and above the shoulder blades (and in the center of the back). See Illustration.

ALTERNATE APPLICATION

- For dogs weighing 2.5 to 20 lb, apply the product to the dog's back, between the shoulder blades and in the center of the back. See Illustration.

- For dogs over 55 lb, apply the product to the dog's neck behind the ears and above the shoulder blades. See Illustration.

6. Discard empty applicator tube as outlined in Storage and Disposal.

7. Repeat every 21 days as recommended by your veterinarian but not more often than every 30 days.

8. For optimum treatment, control and prevention of adult and immature fleas, ticks, mosquitoes, lice, flies, lice, ticks and bitting and sand flies year-round treatment is recommended.

STORAGE AND DISPOSAL

- Do not contaminate water, food or feed by storage and disposal.
- Storage: Store in a cool, dry place. Protect from freezing.
- Disposal: If empty, do not reuse the container. Place in trash or offer for recycling if available. If partially filled, call your local solid waste agency for disposal instructions. Never place unused products down in any indoor or outdoor drain.

LIMITED WARRANTY AND LIMITATION OF DAMAGES

Seller warrants that the material conforms to the chemical parameters of the US EPA registration and the label. To the extent consistent with applicable law seller makes no warranty, express or implied, other than indicated on the label. Buyer and user assume all risk of use and handling of this material. To the extent consistent with applicable law any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profits or values.

Volume varies with size of animal for which package is intended and number of applications per package. Product packaged in 6 applicators per package. Total volume will correspond to number of applications.

Assembling legend:
- Fold and cut tube according to instructions
- Foil: Back Panel
- Cut: (but around the artwork inside the foil excess)
- Most clients place overlap on BACK PANEL near (but not on) the edge. Please check your artwork needs and verify with your filling equipment for proper positioning of the overlap.

Please note:
- TM was enlarge slightly however still remain very small and might fill-in on press.
- Back panel text was repositioned to keep guide lines centered on side. Please verify if back panel position is acceptable.
- Please verify the orientation of the tube. This tube will have right hand open.
