**APPLICATION DIRECTIONS**

- **Dosage:** 5 to 10 lbs. per acre
- **Application Area:** Use for larval control in standing water, especially where mosquitoes are abundant.
- **Equipment:** Apply uniformly by aerial or ground conventional equipment.
- **Timing:** A 7 to 14 day interval between applications should be employed.
- **Consideration:** Mosquito populations are highest, water is heavily polluted (sewage lagoons, animal waste lagoons), and/or algae predominate. Apply in conjunction with other control methods when necessary.

**ENVIRONMENTAL HAZARDS**

- **Avoid:** Do not contaminate water, food, or feed by storage or disposal.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**FIRST AID**

- **In case of contact:** Wash thoroughly with soap and water after handling.
- **In case of eye contact:** Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
- **In case of skin contact:** Remove contaminated clothing and wash skin with soap and water.
- **In case of ingestion:** Do not induce vomiting unless directed to do so by physician or poison control center.

**DIRECTIONS FOR USE**

- **CAUTION:** Do not contaminate water, food, or feed by storage or disposal.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**Hazard to Humans (and Domestic Animals)**

- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**NOTICE TO USER**

- **Diligently follow all directions as specified on the product container.**

**STORAGE AND DISPOSAL**

- **Do not store with** flammable or oxidizing materials.
- **Do not** contaminate water, food, or feed by storage or disposal.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**CONTAINER DISPOSAL**

- **Nonrefillable container.**
- **Do not** contaminate water, food, or feed by storage or disposal.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**PESTICIDE DISPOSAL**

- **Nonrefillable container.**
- **Do not** contaminate water, food, or feed by storage or disposal.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**STORAGE**

- **Do not allow** children to have access to the product container. Store in appropriate container away from children.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**FIRST AID**

- **In case of contact:** Wash thoroughly with soap and water after handling.
- **In case of eye contact:** Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
- **In case of skin contact:** Remove contaminated clothing and wash skin with soap and water.
- **In case of ingestion:** Do not induce vomiting unless directed to do so by physician or poison control center.

**DIRECTIONS FOR USE**

- **CAUTION:** Do not contaminate water, food, or feed by storage or disposal.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**KEEP OUT OF REACH OF CHILDREN**

- **CAUTION:** Do not contaminate water, food, or feed by storage or disposal.
- **Precaution:** See the precautionary statements. See the product container or label with you when calling a poison control center or doctor for treatment advice.

**Active Ingredient:**

- **Bacillus thuringiensis israelensis**, Strain AM 65-52, Bacillus thuringiensis

**Other Ingredients:**

- **Fermentation Solids, Spores and Insecticidal Toxins**
