For Use on Dogs & Premises • Kills Lice & Their Eggs

Kills Bedbugs

ACTIVE INGREDIENT:
Permethrin (1-Phenoxypyphenyl) methyl (±) cis-trans 3-(2,2-dichloroethyl) 2,2-dimethylcyclopropene carboxylate] 0.25%

OTHER INGREDIENTS
99.75%

100.00%

* Cis-trans isomers ratio: Min. 35% (±) cis and Max. 65% (±) trans

Net Contents:
1 pt 6.5 fl. oz.
(22.5 fl. oz.)
(665 mL)

KEEP OUT OF REACH OF CHILDREN

CAUTION
See back panel for First Aid and additional Precautionary Statements
READ ENTIRE LABEL BEFORE EACH USE.

FOR PETS: USE ONLY ON DOGS. DO NOT USE ON CATS
Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not water the treated area to the point of run-off. Do not make applications during rain. Vacate room after treatment and ventilate before reoccupying. Avoid contamination of feed and foodstuffs. Cover or remove fishbowls. This product is not for use on humans. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

SHAKE WELL BEFORE USING. Hold container upright and spray from a distance of 12 to 15 inches. Remove birds and cover fish aquariums before spraying.

To control FLEAS AND TICKS (Adults and Larvae) - Remove and thoroughly clean or destroy pet bedding. Spray pet sleeping quarters, bed, entire floor and floor covering with special attention to cracks and crevices around baseboards and window and doorframes. Infested upholstered furniture may also be treated with this product. A test application should be made to upholstery or drapery fabrics in an inconspicuous place before use.

To control FLEAS, TICKS & LICE on dogs: Starting at the tail, stroke against the lay of the hair, spraying the parted fur in short bursts, directly behind the head to ensure penetrating the coat. Dampen the fur up to the head. Do not spray directly in/on eyes, mouth or genitalia of pets. Repeat application weekly if necessary to control infestations. NOTE: Do not use on puppies less than 12 weeks old.

To kill LICE AND LOUSE EGGS: Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, then proceed to spray entire area to be treated. Hold container upright with nozzle away from you. Spray from a distance of 8 to 10 inches. Spray each square foot for three seconds. Spray only those garments and parts of bedding, including mattresses and furniture that cannot be either laundered or dry cleaned. Allow all sprayed articles to dry thoroughly before use. Do not treat blankets, sheets, pillows, pillow cases or mattress covers.

BEDBUGS: Spray mattresses, particularly around tufts and seams. Allow to dry thoroughly before remaking bed. Take beds apart and spray into all joints. Treat baseboards, moldings, and floors. Allow all sprayed articles to dry thoroughly before reuse. Do not treat blankets, sheets, pillows, pillow cases, or mattress covers.

STORAGE and DISPOSAL

Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food. Do not transport or store below 32°F. PESTICIDE DISPOSAL and CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. IF EMPTY: Place in trash or offer for recycling if available. IF PARTIALLY FILLED: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

FIRST AID: IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-9712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: Harmful if inhaled or absorbed through skin. Avoid breathing spray mist or contact with skin, eyes or clothing. Causes moderate eye irritation, Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse. ENVIRONMENTAL HAZARDS: This product is toxic to fish. To protect the environment, do not allow pesticide to enter or run off into streams, ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. PHYSICAL OR CHEMICAL HAZARDS: Do not use this product in or on electrical equipment due to the possibility of shock hazard.
