CLARIFLY® LARVICIDE 0.04%

A PREMIX CONTAINING AN INSECT GROWTH REGULATOR
FOR INCLUSION IN RATIONS TO PREVENT THE EMERGENCE OF HOUSE FLIES, STABLE FLIES, FACE FLIES AND HORN FLIES FROM THE MANURE OF TREATED CATTLE

ACTIVE INGREDIENT:
Diflubenzuron* (CAS# 35367-38-5).................................0.04%
OTHER INGREDIENTS...........................................99.96%
TOTAL.........................................................100.00%

KEEP OUT OF REACH OF CHILDREN
CAUTION

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FEEDING AND MANAGEMENT INSTRUCTIONS: When used as directed, Clarifly® Larvicde 0.04% provides sufficient diflubenzuron insect growth regulator to prevent the emergence of adult House flies (Musca domestica), Stable flies (Stomoxys calcitrans), Face flies (Musca autumnalis), and Horn flies (Haematobia irritans) from manure of treated cattle. Existing adult flies will not be affected. Start feeding before flies appear and continue until cold weather marks the end of the fly season. Use Clarifly® Larvicde 0.04% as part of an integrated pest management program aimed at reducing fly populations. House and stable flies can develop in decaying vegetable matter or spilled silage on premises. Good sanitation practices, such as cleaning up spilled feed and preventing manure buildup around barns and fences or under feed bins, will eliminate additional breeding sites for these flies.

FEEDING DIRECTIONS FOR CONFINED BEEF AND DAIRY CATTLE: Mix Clarifly® Larvicde 0.04% with the ration to provide 0.1 mg diflubenzuron/kg of body weight. Use the following equation to determine the exact amount of Clarifly® Larvicde 0.04% needed per ton of ration.

Pounds of Clarifly® Larvicde 0.04% required per ton of ration = Weight (lbs) x 0.5

1. Daily Dry Matter Consumption (lbs)

1. Assure cattle are provided this product on a daily basis.

2. Introduction of this product after an adult fly infestation is established will require treatment of cattle with adulticides, or use of insecticidal baits and traps if elimination of the adult fly population is desired.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store pesticide in original container in a dry place.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Completely empty bag into mixing equipment, then offer for recycling, if available or dispose of empty bag in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION: Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash clothing before reuse.

Personal Protective Equipment (PPE): Applicators and other handlers of this product must wear:
• Long sleeve shirt and long pants
• Chemical Resistant gloves
• Shoes
• Socks

FIRST AID
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. If present, after the first 5 minutes, then continue rinsing. If contact lenses, if present, remove the contact lenses, then continue rinsing. Call a poison control center or doctor for treatment advice.

If on clothing or skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Emergency Assistance: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intermittent areas below the mean high water mark.

WARRANTY AND LIMITATION OF DAMAGES: Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. To the extent consistent with applicable law, Seller makes no other express or implied warranty of Fitness or of Merchantability, and no agent of Seller is authorized to do so except in writing and with specific reference to this warranty. To the extent consistent with applicable law, in no event shall Seller’s liability for any breach of warranty exceed the purchase price of the material as to which claim is made.
