SANTE 75
Disinfectant – Sanitizer – Fungicide – Virucide* – Deodorizer

*Effective against Avian Influenza A H5N1 virus

ACTIVE INGREDIENTS:
- Oxy Decal Dimethyl Ammonium Chloride .................................................. 2.250%
- Oxy Dimethyl Ammonium Chloride ................................................................. 1.125%
- Diocetyl Dimethyl Ammonium Chloride ..................................................... 1.125%
- Alkyl (C12) Methyl Chloride ........................................................................ 0.50%
- dimethyl benzyll ammonium chloride .......................................................... 3.00%

INACTING INGREDIENTS: .......................................................... 99.500%

TOTAL: .................................................................................................................. 100.000%

KEEP OUT OF REACH OF CHILDREN
DANGER PELIGRO
See left panel for additional precautionary statements.

FIRST AID:
Have the product container or label with you when calling a poison control center or doctor, or for treatment.

IF ON SKIN: Immediately wash with soap and water or normal disinfectant for 1 minute. Rinse off all of the product from skin. If the product contains isopropyl alcohol, wash skin with soap, rinse with water, and dry.

IF IN EYES: Hold eye open and rinse slowly with water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Do not use any solution that contains alcohol for eye washing.

IF SWALLOWED: Call a poison control center or doctor for further treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

SANTÉ 75
Disinfectant – Sanitizer – Fungicide – Virucide* – Deodorizer

*Effective against Avian Influenza A H5N1 virus

For disinfecting hard, non-porous SURFACES AGAINST AVIAN INFLUENZA A Virus: Use for indoor homes, hospitals, hotels, schools, the direction and disinfecting of the product can be followed using a size of 1:100 for 0.75% of 0.5% for 1.5% of water. Use for all animal housing facilities, follow the animal priority directions. This product is not for use on Medical device surfaces.

INSTITUTIONAL DISINFECTANT DIRECTIONS: For disinfecting floors, walls, counters, bathrooms, eating areas, vegetables, tables, chairs, garbage pails and other non- porous surfaces. Apply solution using a clean cloth or mop. Roll or spray on and allow to remain in contact with the surface for 5 minutes then wipe off with a clean cloth or mop. Use in clean water to disinfect surfaces of all hard, non-porous surfaces. Rinse with soap, rinse with water and dry. To prepare a spray, use a 1:100 solution of the product in water solution. For use with the Sante 75 disinfectant, with 0.5% of water. Use in all areas of the facilities and in all institutions. Use in all areas of the facilities and in all institutions. WITH THE APPLICATION OF THE SANTÉ 75 disinfectant, the product in water solution is diluted in water prior to disinfecting. Do not disinfect containing the product in water solutions without previously disinfecting the local sewage treatment plant infrastructure. For guidance contact your State Water Board Regional or Local Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS: Do not store or use near heat or open flame. Do not mix with oxidants, aerosols and depositories.

STORAGE AND DISPOSAL
Do not store or dispose of product in metal or plastic containers. Avoid contact with eyes. Do not mix with other material or chemicals.

PESTICIDE STORAGE: Do not use container that holds other pesticides. Use only in conditioned area. Keep from contact with eyes. Wash hands after use. Use only in area well-ventilated. Do not store in direct sunlight. Do not store near food. Do not store near feeds.

PESTICIDE DISPOSAL: Pesticides are acutely hazardous. Improper disposal of excessive pesticide, spray mist or mixture of it is a violation of Federal law. If you are an employer, this is a violation of State and/or Local laws. Contact your local pesticide disposal facility or your State Department of Agriculture, your State Environmental Protection Agency, your State Department of Environmental Protection Agency, or your Environmental Protection Agency Regional Office for guidance.

CONTAINER HANDLING: Do not reseal this container to hold materials other than pesticides in these units. Place used containers on the floor or in an area where they will not be reachable by children or pets.

ENVIRONMENTAL HAZARD: This product is toxic to fish and aquatic invertebrates. Do not contaminate water, aquatic ecosystems, or wells. Avoid contact with eyes. Keep out of the reach of children.
