ARCH BA
Wood Preservative

INGREDIENT STATEMENT
ACTIVE INGREDIENT: 100.00%
Boric Acid

KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID
IF SWALLOWED:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.
• Call a Poison Control Center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

IF IN EYES:
• Hold eye(s) open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye(s).
• Call a poison control center or doctor for treatment advice.

User Safety Requirements
Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washable, use detergent and hot water. Keep and wash PPE separately from other laundry. Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove personal protective equipment immediately after handling this product. Wash outside of gloves before removing.

Environmental Hazards
Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of EPA.

Precautionary Statements
Hazards to Humans and Domestic Animals
CAUTION: Harmful if swallowed, absorbed through the skin, or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, and chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

Good industrial hygiene practices, such as eye protection from dust, fumes, or splashes, general or local exhaust ventilating, use of a full face respirator where needed, and washing hands with soap and water before eating, drinking or smoking, should be followed.

Personal Protective Equipment
Applicators and other handlers must wear:
• Coveralls over long-sleeved shirt and long pants,
• Socks and chemical resistant footwear,
• Goggles or face shield,
• Chemical-resistant gloves (such as: Barrier Lamine or Viton),
• A NIOSH-approved respirator with an ammonia, organic and HEPA cartridge such as P-100 should be worn when PEL threshold levels are exceeded over an 8-hour work period.

Storage and Disposal
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in original container in a cool, dry and well-ventilated area. Keep in tightly closed containers. Store away from incompatible materials. Protect containers from physical damage. Observe all applicable local, state, federal guidelines for storage and disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Then offer for recycling, if available, or dispose of empty bag in a sanitary landfill or by incineration.

Manufactured for: Arch Wood Protection, Inc.
360 Interstate North Parkway, Suite 450, Atlanta, GA 30339
Made In USA

ARCH BA Wood Preservative

62190-31_Arch BA Wood Preservative_20140707_43_62190_.pdf

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with labeling. This product can be used alone or with any other EPA registered product as an insecticide or fungicide for wood treatment.

Contents for use only in treating wood products. This product can be used with any other EPA product registered for wood uses. When adding Arch BA to any other wood preservation products, the concentration of Arch BA must range from 0.05 percent to 4.0 percent by weight (of the finished wood product). Impregnation procedures must rigidly adhere to the current specifications of Arch Wood Protection and/or the American Wood Protection Association. Processes used to apply Arch BA formulations shall leave no visible surface deposits on the wood, as defined by AWPA Standards. Visible surface deposits means a surface residue or crystallization on the treated wood. Small isolated or infrequent spots of residual on otherwise clean wood shall be allowed. Pressure treatment of wood products with Arch BA wood preservative provides wood with protection against termites, ascomycetes, white rot, brown rot and dry rot.
