Buckeye Eco Neutral Disinfectant

PRECAUTIONARY STATEMENTS

Hazardous to Humans and Domestic Animals

DANGEROUS CONSIDERED: Causes irreversible eye damage and skin burns. Harmful if swallowed. Do not get in eyes, on skin, on clothing. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective gloves (rubber or chemical-resistant). Harmful if inhaled. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:

If IN EYES: Hold eyes open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person drink a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If INHALED: Have person to fresh air. If person's not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor for treatment.

NOTE TO PHYSICIAN: Prevent mucous damage may occur. Use of gastric lavage. Measure gastric contents by stomach tube, expeditiously, and consider consultation needed.

For medical emergencies only, call 800-231-0944. Outside North America call 1-855-632-9540.

Buckeye Eco Neutral Disinfectant

Concentrated Neutral pH - Disinfect - Clean - Deodorize

Active ingredients:

63.7% sodium hypochlorite (bleach)

Diluted to

2% (w/v) neutral pH

Storage and Disposal:

Do not contaminate water, food chain, or surface water with this product. Dispose of empty containers by flushing with water and then disposing of properly. Do not use this product in a manner that will result in contact with any person. This product is flammable. Keep container closed when not in use. Do not expose to heat, moisture, or direct sunlight.

Keep out of reach of children.

Danger:

See side panel for Precautionary Statements and First Aid Info. Reg. No. 41717-119-310

Buckeye International, Inc.

2710 Wagner Place - Machesney Park - Illinois 60544 - USA

Product # 60231400

Net contents 42.2 ounces (1.25 liters)
Effective against the following pathogens:

- Bacteria: Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella enterica, Acinetobacter baumannii, Citrobacter freundii (polymicrobial), Community Acquired Methicillin-Resistant Staphylococcus aureus (CA-MRSA) (USA 300), Community Acquired Methicillin-Resistant Staphylococcus aureus (USA 400), Enterococcus faecalis, Enterococcus faecium, Enterobacter cloacae, Enterobacteria faecalis - Vancomycin Resistant (VRE), Escherichia coli - ESBL producers, methicillin-resistant and penicillin-resistant pneumococci, Legionella pneumophila, Listeria monocytogenes, Proteus mirabilis, Proteus vulgaris, Salmonella enterica, Salmonella typhi, Salmonella typhimurium, Salmonella muenchen, Shigella flexneri, Shigella sonnei, Staphylococcus aureus - Methicillin resistant (MRSA), Staphylococcus aureus - Vancomycin Intermediate Resistant (VISA), Staphylococcus epidermidis, Staphylococcus faecalis, Staphylococcus pyogenes (Strep) ATCC & antibiotic-resistant strain

- Viruses:
  - *Adenovirus Type 4, *Adenovirus Type 7 - at 2 x 10^8 particles/mL
  - *Influenza A (in combination with the influenza A H1N1 Flu)*: Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), Hepatitis D Virus (HDV), Hepatitis E Virus (HEV)

Buckeye® ECO Neutral Disinfectant leaves a clean fresh scent.

DIRECCIONES PARA USAR

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**DILOXANOL 1:356** 1/8 oz per gallon of water (600 ppm quaternary)
**DILOXANOL 1:64** 1/8 oz per gallon of water (1560 ppm quaternary)

This product is not for use on medical devices surfaces,

**DISINFECTION/CLEANING/DEODORIZING**

- Remove heavy soil deposits from surfaces. Then thoroughly wet surfaces with a solution of 1% of the concentrate per gallon of water or equivalent. (Use 2 oz per gallon of water to kill Adenovirus Type 7). The use solution can be applied with a cloth, mop, sponge, or coarse spray, or soaking. For spray applications, use a coarse spray device. Spray 4-6 inches from the surface, rub with a brush, cloth or sponge. Do not breathe spray. Let solution remain on surface for a minimum of 10 minutes. Rinse or allow to dry air. Rinsing of floors is not necessary unless they are to be waxed or polished. Food contact surfaces must be thoroughly rinsed with potable water.

This product must not be used to clean the following food contact surfaces: utensils, glassware and dishes. Prepare a fresh solution daily or more often if the solution becomes visibly dirty or diluted.

**FUNGICIDAL DIRECTIONS**

- Use in areas such as locker rooms, dressing rooms, showers and bath areas and exercise facilities follow disinfection directions.

**MILDEWSSTIC DIRECTIONS**

- Effectively control the growth of mold and mildew plus the odors caused by them when applied to hard, nonporous surfaces such as walls, floors, and toilet tops. Apply solution of 1 oz per gallon of water with a cloth, mop, sponge, or coarse spray. Make sure to wet all surfaces completely. Let air dry. Apply application weekly or when growth reappears.

**CLEANING AND DISINFECTING HARD NONPOROUS SURFACES ON PERSONAL PROTECTIVE EQUIPMENT (PREPARATION)**

- Precipitate equipment if heavily soiled to ensure proper surface contact. Add 1 oz. of Buckeye® ECO NEUTRAL DISINFECTANT to one gallon of water. Use 2 oz per gallon of water to kill Adenovirus Type 7. Gently mix for a uniform solution. Apply solution to hard, nonporous surfaces of the respirator with a brush, coarse spray device, sponge, or by immersion. Thoroughly wet all surfaces to be disinfected. Treated surfaces must remain wet for 10 minutes. Remove excess solution from equipment prior to storage. Comply with all OSHA regulations for cleaning respiratory protection equipment (29 CFR § 1910.134).

**KILLS HIV-1 (AIDS VIRUS) AND HBV (HEPATITIS B VIRUS) AND HCV (HEPATITIS C VIRUS) ON PRECIPITATED, ENVIRONMENTAL SURFACES/ OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings or other settings in which there is an expected likelihood of soilage of inanimate surfaces/objects with blood/body fluids, and in which the surfaces/objective are to be cleaned or disinfected.**

Special Instructions for Cleaning and Decontamination against HIV-1, HBV or HCV on surfaces/objects soiled with Blood/Body Fluids

**Personal Protection:** Disposable protective gloves, eyewash, face mask, and eye coverings must be worn during all cleaning or blood/body fluids and during decontamination procedures.

**Cleaning Procedures:** Blood/body fluids must be thoroughly disinfected from surfaces/objects before application of disinfectants.

**Contact Time:** 15 minutes (AIDS) (5 minutes for HBV and HCV) is inactivated after a contact time of 1 minute at 25°C (77°F) (room temperature). HBV and HCV are inactivated after a 1-minute contact time. Use a 10-minute contact time for all other viruses, fungi, and bacteria listed.

**Disposal of Infectious Materials:** Blood/body fluids must be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

**Deodorizing Directions:**

Nursing Homes, Hotels, Restaurants: Using 1 oz. in chemical toilets, waste receptacles, bed pans, drainage bottles, diaper pails, buckets, disposals, commodes and air conditioner pans will eliminate odors.

**Mapping Solutions, Automatic Scrubbers:** Use 1 oz. per gallon of cleaning solution to eliminate undesirable odors.

Air Fresheners/Automatic Uviers: 2 oz per gallon of water will effectively neutralize damp musty odors caused by mold in storage areas, basements, closets and bathrooms. Effective on smoking and cooking odors. Automobile odors from tobacco, musty carpet smell and beverage smells will be eliminated.

**Carpets:** 1 oz per gallon of shampoo solution eliminates odors associated with urine, vomit, smoke, and mildew. Rapely after cleaning for freshener effects. Allow to dry.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- **DANGER** COCAINE: Causes irreversible eye damage and skin burns. Harmful swallowed. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective gloves (rubber or chemical resistant). Harmful if inhaled. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**FIRST AID**

- **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

- **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

- **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

- **IF INHALED:** More person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contaminate the use of gastric lavage. Measures against circumulatory shock, respiratory depression, and convulsion may be needed. For medical emergencies only, call 800-262-4241. Outside North America call 625-622-8956.

**STORAGE AND DISPOSAL**

Do not contaminate waste food or feed by storage or disposal.

**Pesticide Storage:** Open dumping is prohibited. Store in original container in areas inaccessible to children.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of wastes, pesticides, spray mixtures or waste is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Wrap empty container and put in trash.
