CYMEX™

Bed Bugs
Dust Mites
Fleas

Low Toxicity
Highly Effective

Pay particular attention to application of pet bedding and resting areas. Apply in cracks and crevices along headboards and around floor coverings as well as under furniture and furniture cushions. Carpet and mattress spots may also be treated using a spot of 1 gallon of solution per 2,250 square feet of surface area.

Note: freshly treated carpet spots may be slippery.

Carpet Beets, Dust Mites, and Household Fungus: Thorough vacuum before treatment and use and discard bag with collected dust. Apply as a fine, uniform spray to affected areas of carpets, rugs, and upholstery at the rate of 1 gallon of solution per 750 to 2,250 square feet of area, depending upon density and thickness. Treat to dampness but do not saturate. Extra areas of tags and carpeting may be treated.

To Kill Bed Bugs: Apply at a rate of 5 to 10 oz per square foot of treatment area. Apply as a direct treatment onto active bedbugs infestations in cracks and crevices and around basement, headboards, bed frames, hardwood floors, furniture, window frames, door frames, walls, walls hangings and milk. Apply as a spray application to mattresses, box springs, carpet, walls, furniture, rugs on and other floor coverings, baseboards, windows and doors, and other furniture where bedbugs are found. Do not apply as a spray to wood floors, linoleum or carpet tiles due to the possible creation of a slippery surface or light residue. Do not wash, lay or air-dry at treated surfaces until dry. Always test fabrics for color fastness before application by treating an inconspicuous area first. Cleanup: use soap and water to clean up treated.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal. Storage: Store in a cool, dry (preferably sealed) storage area inaccessible to children and pets. Do not freeze. Contaminant Disposal: Nontoxic residue; do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partially filled: Let your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY LIMITATIONS AND DISCLAIMER
Manufacturer warrants that the product conforms to the chemical description on the label and is reasonably fit for purposes intended on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. The user in question is hereby advised to read and adhere to all instructions, cautions and warnings. The user in question assumes all risks.

Inherent Risks of Use
The directions for use of this product are believed to be adequate and must be followed carefully. It is impossible to eliminate all risks associated with the use of this product. Lack of performance or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal conditions, the presence of other materials, climatic conditions or the manner of any application, all of which are beyond the control of the manufacturer. The buyer/user assumes all such risks.

Limitation of Remedies
To the extent not prohibited by applicable law, the exclusive remedies for losses or damages resulting from the product (including claims based on contract, negligence, strict liability or other legal theories) shall be limited to:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of product or part thereof.

To the extent not prohibited by applicable law, the manufacturer shall not be liable for loss or damage resulting from handling or use of this product unless Product is properly used in accordance with instruction, this warranty, or the terms of any other applicable agreement. The manufacturer is not responsible for such loss or damage in writing; and in no event shall manufacturer be liable for consequential, incidental, or commercial losses or damages, including without limitation, health-related damages or injuries.

The terms of this Warranty and Limitation of Remedies cannot be varied by any written or verbal promises or representations, No employee or sales agent of manufacturer or the seller is authorized to vary or exceed the terms of this Warranty or Limitation of Remedies in any manner.

It is not intended that this product be used to practice any applicable patent, whether mentioned in or without possession of a license, if necessary, from the owner, following negotiation by the user.

Dear Customer,

Thank you for choosing CYMEY™ Bed Bugs, Dust Mites and Fleas Control. Before using this product, please read the entire label carefully. This product contains a concentrate that contains a highly effective insecticide that is specifically designed to control bed bugs, dust mites, and fleas. The active ingredient, ryanolide, is a botanical insecticide that is effective against a wide range of pests, including bed bugs, dust mites, and fleas.

**Important:** Before using this product, please read and follow all instructions and cautions on the label. Failure to follow these instructions may result in ineffective treatment and potential health risks.

**Product Information:**
- **Active Ingredients:** Ryanolide (1.05%)
- **Other Ingredients:** Water, Ethanol, Emulsifiers
- **Net Contents:** 1 Gallon (3.785 liters)

**Directions for Use:**
- Apply this product to all surfaces that may be infested with bed bugs, dust mites, or fleas. Ensure complete coverage of all treated areas.
- Use a fine misting spray to saturate all surfaces, ensuring thorough coverage.
- Allow the treated areas to dry completely before re-entering the treated areas.

**Caution:**
- Keep out of reach of children and pets.
- Avoid contact with the eyes, mouth, and skin.
- Do not inhale the mist or spray directly.
- Do not ingest the product.

**Storage and Disposal:**
- Store in a cool, dry place.
- Do not store near food or water sources.
- Do not use on food or water contact surfaces.

**Warranty Limitations and Disclaimer:**
- The manufacturer warrants that this product conforms to the description on the label and is suitable for the purposes stated on the label when used in strict accordance with the directions. This warranty does not apply to misuse or abuse of the product or failure to follow all directions and cautions on the label.

**Inherent Risks of Use:**
- The directors or shareholders of the manufacturer are not responsible for any injuries or damages resulting from the use of this product. The manufacturer disclaims all liability for any injuries or damages resulting from the use of this product.

**Limitation of Remedies:**
- The manufacturer shall not be liable for any injuries or damages resulting from the use of this product. The manufacturer disclaims all liability for any injuries or damages resulting from the use of this product.

**Limitation of Remedies:**
- The manufacturer shall not be liable for any injuries or damages resulting from the use of this product. The manufacturer disclaims all liability for any injuries or damages resulting from the use of this product.
