QNAP 
COPPER NAPHTHENATE CONCENTRATE

Kills subterranean termites, drywood termites, wood destroying beetles, woodpecker beetles, carpenter ants and decay fungi.

Contains No Synthetic Carbonylic Acids

Produced from 100% recycled Copper Metal and By-products from the refining industry

Non-Emission Forming

Non-Sludging

Non-Corrosive to Utility Hardware (Railroad Spikes and Tie Plates)

Non-Conductive

Can Help Prevent "Spike Kill" when Combined with Borate Treatments

Treated Wood Does Not Become Brittle or Hard

Reduces Hardening of the Wood Which Allows for Increased Gaff Penetration

Provides Water Repellency

Active Ingredient: Copper Naphthenate (CAS No. 1338-02-9) ............ 68% * Other Ingredients ........................................ 32%

Total ........................................................................ 100%

Contains Petroleum Distillates

PRECAUTIONARY STATEMENTS

Personal Protective Equipment (PPE)

- Applicators, mixers, and other handlers must wear chemical-resistant gloves, protective eyewear, long-sleeved shirt, long pants, socks and shoes when handling or applying this product.
- When applying this product to non-pressure treated wood, blend/sprayer operators and any individual that applies the product with a brush/roller must wear long-sleeved shirt and long pants.
- Some materials that are chemical-resistant to this product are barrier laminates, intumescent, nitrocellulose, natural rubber, polyethylene, polypropylene, and silicones. If you want more information, refer to the instructions for category C on an EPA chemical-resistance category selection chart.

User Safety Requirements

Follow manufacturer’s instructions for cleaning and maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside, then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As so possible, wash thoroughly and change into clean clothing.

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING

Causes skin and eye irritation. Prolonged or repeated skin contact may cause allergic reaction in some individuals. Harmful if swallowed or inhaled. Do not breathe vapors or mist during brush, red, and roll applications.

Wear chemical resistant gloves, protective eyewear, long-sleeved shirt, long pants, socks and shoes when handling or applying this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Application of this product may produce a strong, lingering, unpleasant odor.

First Aid

If In Eyes
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If In Skin or Clothing
- Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes.

If Swallowed
- Do not give anyone fluids.
- Do not give anything by mouth to an unconscious person.
- Do not induce vomiting unless told to do so by a poison control center or doctor.

If Inhaled
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Palpable mucosal damage may indicate the use of gastric lavage.

Environmental Hazards
This product is toxic to aquatic invertebrates, shrimp and crayfish/crabs. Do not discharge effluent containing this product into lakes, ponds, streams, rivers, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in advance of discharge. Do not discharge effluent containing this product into sewers without prior notification to the local sewage treatment plant authority. For guidance contact your state or regional office of the EPA. Weed treated with this product shall not be used in the construction of buildings.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read and understand the entire label before using. Use only according to label directions.

Before buying or using this product, read Warranty Disclaimer and Limitations of Remedies statements found elsewhere on this label. If terms are unacceptable, return unopened package to seller for full refund of purchase price. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under Warranty Disclaimer and Limitations of Remedies.

QNAP Copper Napthenate Concentrate treated wood will control and prevent infestation of destroying organisms including subterranean termites, drywood termites, wood destroying beetles, woodpecker beetles, carpenter ants and decay fungi. It may also be used to protect resist sapwood, sawing, shrinking, and checking due to its antisplintering property, wood rot, mold, mildew, and moss. QNAP meets the American Wood Protection Association (AWPA) and cut requirements for exterior and ground contact treated lumber (AWPA M4). Solutions of QNAP Copper Napthenate concentrate can be applied to wooden and coated and finished structures and products including lumber, redwood, cypress, siding, redwood, cypress, siding, timbers, rail ties, posts, fences, fencing, siding, timbers, rail ties, posts, fences, fencing, siding, timbers, rail ties, posts, fences, siding, timbers, rail ties, posts, fences, siding, timbers, rail ties, posts, fences, siding, and tables. QNAP Copper Napthenate Concentrate treated wood is suitable for ornamental or planting landscape timbers, wooden seedling trays, outdoor décor, flower boxes and window boxes. The treated wood can be top-coated with paint or stain.

QNAP Copper Napthenate Concentrate must be diluted with a solvent such as mineral spirits, diesel fuel, mineral oil or another solvent that meets AWPA Standard. Effective application rates vary depending on severity of conditions to which the treated product is exposed but for guidance see the American Wood Protection Board of Standards for the applicable use category or commodity. Wood to be treated should be thoroughly cleaned and free of bin to maximize penetration.

Do not use QNAP treated wood for garden applications where fruit and/or vegetables will be grown. This product is not designed for application on decks, outdoor furniture or other structures intended for seating or eating fast food traffic. Do not apply at sites or near water or wells. Wood treated with QNAP Copper Napthenate Concentrate should not be used where it may come in contact with food, feed, or potable water.

FOR PRESSURE TREATMENT

Wood used in critical (structural above-ground applications or that may be exposed to severe conditions such as extended periods of wetting, can be subjected to an extended soaking or pressure treatment with a solution containing 0.3% to 1.0% copper metal as a minimum in the wood of 0.28% to 0.53 lbs copper metal III (in accordance with AWPA Standards).

WOOD TREATMENT: REMEDIAL APPLICATIONS

A QNAP Copper Napthenate Concentrate solution of 2% copper metal may be used for remedial treatment of standing wood poles, piles and other existing structures.

IMPORTANT: This product will stunt the wood. The color will fade over time.

Storage and Disposal
Do not contaminate water, sewage systems, or storage areas.
Pesticide Storage: Store in original container in a securely locked storage area inaccessible to children and pets. Do not freeze. Pesticide Disposal: Wash results from the use of this product may be disposed of on site or at an approved waste disposal facility. Container Handling: Refill this container only with QNAP. Do not reuse this container for any other purpose. Clean the container before refilling in the responsibility of the retailer. Cleaning before final disposal is the responsibility of the person disposing of the container. To empty container before final disposal, empty the remaining contents from this container into an appropriate equipment mix tank. Fill the container about 10 fullfuls, and then vigorously agitate or reslurry内容. Pour out mixture into an appropriate emptying collection system. Repeat this rinsing procedure 3 or more times, then offer for recycling, if available, or reconditioning, if appropriate; or purson as special waste in the residential solid waste stream.

Warranty Disclaimer

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. To the extent not prohibited by applicable law, MANUFACTURER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

Inherent Risks of Use

The directions for the use of this product are adequate and must be followed carefully. It is impossible to eliminate all risks associated with use of this product. Lack of performance or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal conditions, the presence of other materials, climatic conditions or the manufacturer's instructions. The buyer/user assumes all such risks.

Limitation of Remedies

To the extent not prohibited by applicable law, the exclusive remedy for losses or damages resulting from this product, (including claims based on contract, negligence, strict liability or other legal theories) shall be limited to, at Manufacturer's election, one of the following:
1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

To the extent prohibited by applicable law, Manufacturer shall not be liable for losses or damages resulting from handling or use of this product unless Manufacturer is promptly notified of such loss or damage in writing, and in NO CASE SHALL MANUFACTURER BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OR LOSSES, INCLUDING WITHOUT LIMITATION, HEALTH RELATED DAMAGES OR INJURY.

The terms of this Warranty Disclaimer and Limitation of Remedies cannot be varied by any written or oral statements or agreements, No employees or sales agent of Manufacturer or the seller is authorized to vary or extend the terms of this Warranty Disclaimer or Limitation of Remedies in any manner.

It is not intended that this product be used to practice any patent, whether mentioned or not, without procurement of a License, if necessary, from the owner. Following investigation by the user.
