6 Step Topical Checklist

☐ Read the label completely and follow directions
☐ Weigh your dog
☐ Do NOT use dog products on cats
☐ Do NOT treat with more than one pesticide product at a time
☐ Separate animals after application to avoid chance of ingestion
☐ Do NOT split tubes between dogs

The active ingredients in SENTRY FIPROGUARD MAX for dogs feature a sustained release formula developed for fast acting and long lasting control of fleas, ticks, and chewing lice for up to 30 days on dogs.
Directions for Use

How to open
1. Remove product tubes from the package.
2. Separate one tube from the others. Hold the tube with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.

How to apply
1. Invert tube over dog and use open end to part dog’s hair.
2. Squeeze tube firmly to apply all of the solution to the dog’s skin as a spot or the dog’s back between the shoulder blades.

3 Month Application Tracker

For year-round protection, apply SENTRY* FIPROGUARD* MAX for dogs monthly.

First Aid
If In Eyes: Rinse with water for 15-20 minutes. If sensitization occurs, do not rinse. If necessary, contact a veterinarian.
If In Mouth: Flush with water for 15-20 minutes. If sensitization occurs, do not rinse. If necessary, contact a veterinarian.

NOTE TO PHYSICIAN OR VETERINARIAN

Storage and Disposal
Do not use or store near heat or open flame. Do not incinerate the container or any unused portions of the product. Properly discard any unused portions of the product in a closed, non-combustible container. For complete disposal information, see the product label.

Precautionary Statements
In case of adverse reactions, consult a veterinarian.
