FrameGuard® (Pack A)

For the control of Sapstain and Mold on wood and wood products

INGREDIENT STATEMENT

Active Ingredients:
- Propiconazole 5.00%
- 3-Iodo-2-propynyl butylcarbamate 5.00%
- Alkyl (50% C16, 40% C12, 10% C14) dimethyl benzyl ammonium chloride 50.00%

Inert Ingredients:
- 40.00%

TOTAL: 100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

See side panel for other precautionary statements.

FIRST AID

IF IN EYES:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF INHALED:
- Move person to fresh air.
- If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth.
- Call poison control center or doctor for further treatment advice.

IF SWALLOWED:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to do so.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER

Have the product container with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Telecommunications Network at 1-800-858-7378 for emergency medical treatment information.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

Manufactured for: Arch Wood Protection, Inc., 5660 New Northside Drive, Suite 1100, Atlanta, GA 30328
ACEAN 24-Hr. Emergency Response 800-654-6911
EPA Reg. No. 72616-1-62190
EPA Est. No. 62190-GA-001
Net Contents: 55 Gallons

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Industrial or Commercial Use Only

APPLICATION DIRECTIONS:

FrameGuard® (Pack A) may be applied to wood and wood products by immersion (dip) or spray methods according to the dilutions provided below. Dilution levels may vary widely and will depend on application methods, wood species, seasonal changes in exposure conditions, length of protection desired, and wood storage and transport conditions.

Wood treated with this product shall not be used in the construction of bee hives.

This product may be used in a tank mix with FrameGuard® (Pack B). When tank mixing, reference the instructions per the FrameGuard Technical Bulletin.

- For spray applications: Mix one gallon of FrameGuard® (Pack A) to 15-50 gallons of diluent (e.g. 1 gallon of FrameGuard (Pack A) to 15-50 gallons of water).
- For immersion applications: Mix one gallon of FrameGuard® (Pack A) to 50-300 gallons of diluent (e.g. 1 gallon of FrameGuard (Pack A) to 50-300 gallons of water). If limer is to be treated by dipping, then the treating solution should contact the wood for at least 10 seconds. For block stacked lumber, immersion time must be sufficient to allow penetration of the treating solution to the center of the pack. For best results, apply FrameGuard® (Pack A) to recently felled and fresh sawn or peeled wood ensuring total coverage.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

Storage: Store in a cool, well-ventilated storage area. Temperatures in excess of 104°Fahrenheit will cause decomposition of FPCB. Store in original container only in a locked place out of reach of children. Protect from freezing.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Non-refillable container. Do not reuse or refill container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinseate into application equipment or a mix tank or store rinseate for later use or disposal. Repeat this procedure two more times. Then offer for recycling, if available, or reconditioning, if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
