CAUTION

KEEP OUT OF REACH OF CHILDREN.

PESTICIDE DISPOSAL:
Wrap bait stations in several layers of newspaper and discard in trash.

PESTICIDE STORAGE:
Wash thoroughly with soap and water after handling bait stations.

DIRECTIONS FOR USE

IMPORTANT: READ BEFORE USE

CONDITIONS:
Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If you do not agree to all of these Conditions, you must return this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

This product is specially designed for control of small cockroaches, such as German and Brown Banded roaches, in any area where they are a problem, such as residential, warehousing and commercial establishments, computer and electronic equipment facilities, pet shops, zoos, basements, buses, boats, trains, and aircraft.

Injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bayer CropScience LP. All such risks shall be assumed by the user or buyer.

The transparent red top enables you to monitor bait consumption while providing roaches their preferred environment, darkness, because roaches do not see light in the red spectrum. This product is an odorless bait that roaches consume in minutes. The red top also enables you to see if the roaches are eating the bait and column feeders are filled with bait stations. Therefore, you will not accidentally apply the bait onto areas where it is not needed.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROP-SCIENCE LP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. BAYER CROP-SCIENCE LP DISCLAIMS ALL LIABILITY WHATSOEVER FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

DISCLAIMER OF WARRANTIES:

To the extent consistent with applicable law, Bayer CropScience LP makes no other warranties, express or implied, of merchantability or fitness for a particular purpose and disclaims all other warranties, whether express or implied, including any implied warranties of merchantability or fitness for a particular purpose. Bayer CropScience LP disclaims all liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.

LIMITATIONS OF LIABILITY:

To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use or handling of this product, whether caused by the negligence of Bayer CropScience LP or otherwise, shall not exceed the purchase price paid, or at Bayer CropScience LP's election, the replacement of product.

DIRECTIONS FOR USE

1. Remove and dispose of infested foodstuffs. Clean up spilled foodstuffs from cupboard or food storage area.

2. The bait stations can be stuck to a vertical surface by peeling off the protective strip to expose adhesive.

3. For effective roach control use 4 - 6 bait stations per 100 sq ft of horizontal surface area. Place adjacent to voids or cracks and crevice, behind and under cupboards, and near locations where infested foodstuffs were discovered.

4. Bait stations can be stuck to a vertical surface by peeling off the protective strip to expose adhesive.

5. Do not place more than 24 bait stations per residence.

6. Inspect all bait stations and replace as needed for continual control of roaches.

FOR USE IN COMMERCIAL, INDUSTRIAL AND RESIDENTIAL AREAS

ACTIVE INGREDIENT:
Fipronil*: [5-Amino-1-(2, 6-dichloro-4-trifluoromethyl) phenyl)-4-(1, R, S)-(trifluoromethyl) sulfinyl)-1H-pyrazole-3-carbonitrile] ..................... 0.05%

OTHER INGREDIENTS:

TOTAL:

100.00%

OTHER INGREDIENTS:

Virtually eliminates roaches
No vapor, no fumes, no mess
Kills roaches by contact or ingestion
Ideal for kitchen use
Child resistant bait stations
Starts killing roaches in hours

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

This product is to be used only as directed. Do not use this product under any condition, as other methods and the presence of other materials, such as furniture, bedding, and other household items, may present hazards to humans and domestic animals.

**INSTRUCTION FOR USE**

1. **CONDITIONS:**
   - Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product, and only use the product as described. The directions for use of this product are believed to be adequate and must be followed to avoid injury, ineffectiveness or other unintended consequences that may result because of such factors as the transparent red top enables you to monitor bait consumption while providing roaches their preferred environment, darkness, because roaches do not see light in the red spectrum. This product is an odorless bait that is safe for roaches to eat, but it is also toxic to cockroaches.

2. **DISCLAIMER OF WARRANTIES:**
   - TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROP-SCIENCE LP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF ANY KIND, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.
Bait Stations

Precautionary Statements

Hazards to Humans and Domestic Animals

Caution

Read thoroughly with soap and water after handling bait stations.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is specially designed for control of small cockroaches, such as German and Brown Banded roaches, in any area where they are a problem, such as residential, institutional, and commercial establishments, including food services, food manufacturing and food processing facilities, restaurants, hotels, motels, bars, nightclubs, nightspots, bars, bowling alleys, and recreational and entertainment facilities, retail shops, hospitals, nursing homes, schools, warehouses, commercial and institutional food storage areas, public transit facilities, stadiums, gymnasiums, university and college facilities, libraries, office buildings, and retail establishments. The product may be used on or near food, food contact surfaces, and food preparation equipment.

Bait stations are concentrated cockroach baits intended for use in areas where roaches congregate and are not intended for use on or near food, food contact surfaces, or food-processing equipment. The contents of the bait stations will not contaminate food, food contact surfaces, or food-processing equipment. Use the bait stations in areas where roaches are observed and where they hide. Cockroaches prefer dark, warm, damp locations, so bait stations should be placed on or near such locations. The transparent red top enables you to monitor bait consumption while providing roaches their preferred environment, darkness, because roaches do not see light in the red spectrum. This product is an odorless bait used to control roaches by contact or ingestion. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within 3 days.

DIRECTIONS FOR USE

First read the complete Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bayer CropScience LP.

1. Remove and dispose of infested foodstuffs. Clean up spilled foodstuffs from cupboard or food storage area.
2. This product will kill adult stages of beetles remaining in food storage areas. Once feeding on bait begins, most adult beetles will be killed within 7 days.
3. Use 4 - 6 bait stations per 100 sq ft of horizontal surface area. Place adjacent to voids or cracks and crevice, behind and under cupboards, and near locations where infested foodstuffs were discovered.
4. Bait stations can be stuck to a vertical surface by peeling off the protective strip to expose sticky contact adhesive on hooking coated surface.
5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within 3 days.
6. Inspect all bait stations and replace as needed for continual control of roaches.

For Food Pests:

1. Removed and dispose of infested foodstuffs. Clean up spilled foodstuffs from cupboard or food storage area.
2. This product will kill adult stages of beetles remaining in food storage areas. Once feeding on bait begins, most adult beetles will be killed within 7 days.
3. Use 4 - 6 bait stations per 100 sq ft of horizontal surface area. Place adjacent to voids or cracks and crevice, behind and under cupboards, and near locations where infested foodstuffs were discovered.
4. Bait stations can be stuck to a vertical surface by peeling off the protective strip to expose sticky contact adhesive on hooking coated surface.
5. Do not place more than 24 bait stations per residence.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Caution

Pesticide Disposal:

Wrap bait stations in several layers of newspaper and discard in trash.

Store in a cool, dry area out of reach of children.

Pesticide Storage:

Wash thoroughly with soap and water after handling bait stations.

Important Read Before Use

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. Each user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability:

1. Bayer CropScience LP is not responsible for any injury to persons or property resulting from the use of this product.
2. Bayer CropScience LP is not responsible for any loss caused by the use of this product.
3. Bayer CropScience LP is not responsible for any loss caused by the use of this product as a result of misapplication.
4. Bayer CropScience LP is not responsible for any loss caused by the use of this product as a result of failure to follow the directions for use contained in this product.
5. Bayer CropScience LP is not responsible for any loss caused by the use of this product as a result of failure to follow the precautions contained in this product.

Exclusions of Warranties: The Exclusions of Warranties contained in this product ave in addition to, and not in lieu of, any other limitations of liability contained in this product.

Disclaimers of Warranties: The Disclaimers of Warranties contained in this product are in addition to, and not in lieu of, any other limitations of liability contained in this product.

Limitations of Liability:

1. To the extent consistent with applicable law, Bayer CropScience LP makes no other warranties, express or implied, of any kind, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, in connection with the use of this product. This product is sold "as is" and without warranty of any kind.
2. The user or buyer of this product assumes all risk and liability for the use, handling, and application of this product. Bayer CropScience LP shall not be liable for any special, incidental or consequential damages resulting from the use or handling of this product.
3. Limitations of Liability: To the extent permitted by law, the remedies of the user or buyer for any and all losses, injuries or damages resulting from the use or handling of this product, whether from the product, its use or misuse, shall not exceed the price of purchase paid, or at Bayer CropScience LP's election, the replacement of product.
4. The user or buyer of this product shall indemnify and hold Bayer CropScience LP, its agents, and employees harmless from any and all claims, losses, or damages alleged or suffered by any person arising out of the use, handling, or application of this product.

For Pantry Pests:

1. Place bait stations in areas where roaches have been seen and where they hide. Cockroaches prefer dark, warm, damp locations, so bait stations should be placed on or near such locations.
2. This product will kill adult stages of beetles remaining in food storage areas. Once feeding on bait begins, most adult beetles will be killed within 7 days.
3. Use 4 - 6 bait stations per 100 sq ft of horizontal surface area. Place adjacent to voids or cracks and crevice, behind and under cupboards, and near locations where infested foodstuffs were discovered.
4. Bait stations can be stuck to a vertical surface by peeling off the protective strip to expose sticky contact adhesive on hooking coated surface.
5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within 3 days.
6. Inspect all bait stations and replace as needed for continual control of roaches.

First Aid

Caution

If you experience symptoms of overexposure, such as dizziness, headache, nausea, vomiting, or drowsiness, seek medical treatment immediately. For first aid, see the section labeled "Medical Treatment Information." For emergency medical treatment, call 911 or a doctor immediately.

Symptoms of Overexposure:

1. If you experience symptoms of overexposure, such as dizziness, headache, nausea, vomiting, or drowsiness, seek medical treatment immediately.
2. Call a poison control center or doctor for treatment advice. If on skin:
   • Take off contaminated clothing.
   • Rinse skin immediately with plenty of water for 15-20 minutes.
3. If swallowed:
   • Do not induce vomiting.
   • Give 1-2 cups of water.
   • Do not give anything by mouth to an unconscious person.
4. If in the eyes:
   • Rinse with plenty of water for at least 15 minutes.
   • Remove any contact lenses and continue to rinse.

Medical Treatment Information:

For emergency medical treatment, call 911 or a doctor immediately. For information about symptoms of overexposure, see the section labeled "Symptoms of Overexposure." If you experience symptoms of overexposure, such as dizziness, headache, nausea, vomiting, or drowsiness, seek medical treatment immediately.

Exposure to this product may cause irritation of the skin or eyes. If you experience symptoms of overexposure, seek medical treatment immediately.
