CAUTION: SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

TO OPEN PACKAGE: Tear open packet. Unfold and use as directed. Discard after single use.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Not for cleaning or sanitizing skin. Do not use as a diaper wipe or for personal cleansing. Use of inappropriate dilutions or concentrations of the active ingredient will reduce the effectiveness of the product. Do not use on glassware, utensils or dishes. This product is not to be used as a terminal standard high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the body's interior, or normally sterile areas of the body, or (2) contacts intact mucous membranes, but which does not cause serious or potentially serious tissue damage. For surfaces contaminated with blood, body fluids, or other potentially infectious materials, preclean or decontaminate medical devices prior to sterilization or high-level disinfection.

DISINFECTATION:
This product cleans, disinfects and deodorizes hard, non-porous medical surfaces in one step with no rinsing required. It is a one-step disinfectant cleaner. The product can be used as a disinfectant on many medical and non-medical surfaces. It can be used on hard, non-porous surfaces such as metal, glass, plastic, porcelain, floor tiles, concrete, and traditional hard surfaces. It can also be used on metal and non-metal medical devices. It is not recommended for use on porous medical devices. For porous medical devices, preclean or decontaminate the device prior to sterilization or high-level disinfection.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION:
Causes temporary eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call the poison control center at 1-800-222-1222 or doctor for treatment advice.

STORAGE AND DISPOSAL:
Dispose of wipe in trash after use. Do not flush. Recycle empty pouch or discard in trash.

QUESTIONS OR COMMENTS? Call (800) 234-7700. For MSDS information please go to www.cloroxhealthcare.com.
PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call the poison control center at 1-800-222-1222 or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

DECLARACIONES PREVENTIVAS: RIESGOS PARA LOS SERES HUMANOS Y ANIMALES DOMÉSTICOS.

PRECAUCIÓN: Causa irritación moderada a los ojos. Evite el contacto con los ojos o la ropa. Lávese bien con agua y jabón después de usar y antes de comer, beber, mascar goma, usar tabaco o usar el inodoro. PRIMEROS AUXILIOS: Contacto con los ojos: Mantenga los ojos abiertos y enjuague con agua lentamente, con cuidado, durante 15–20 minutos. Si hay lentes de contacto, retirelos después de los primeros 5 minutos, luego continúe enjuagándolo. Llame al centro de control de envenenamiento al 1-800-222-1222 o al médico para obtener asesoría sobre el tratamiento. Cuando llame a un centro de control de envenenamiento o a un médico, o intente obtener tratamiento, tenga a la mano el envase o la etiqueta del producto.

STORAGE AND DISPOSAL: Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. Dispose of wipe in trash after use. Do not flush. Non-refillable container. Do not reuse or refill empty container. Recycle empty container or discard in trash.

QUESTIONS OR COMMENTS? Call (800) 234-7700.

TO OPEN PACKAGE: Tear open packet. Unfold and use as directed. Discard after single use.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Not for cleaning or sanitizing skin. Do not use as a diaper wipe or for personal cleansing. For surfaces that may come in contact with food, a potable water rinse is required. Do not use on glassware, utensils or dishes. This product is not to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream, or normally sterile areas of the body, or (2) contacts intact mucous membranes, but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

SPECIAL INSTRUCTIONS FOR USE AGAINST HIV-1, HBV AND HCV:
This product kills HIV-1, HBV and HCV on precleaned hard, nonporous surfaces/objects previously soiled with blood/body fluids in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus (HIV-1) (associated with AIDS), Human Hepatitis B (HBV) and Human Hepatitis C (HCV). SPECIAL INSTRUCTIONS FOR USING THIS PRODUCT TO CLEAN AND DECONTAMINATE AGAINST HIV-1, HBV AND HCV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS:
Personal Protection: When handling items soiled with blood or body fluids, use disposable impervious gloves, gowns, masks and eye coverings. Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and other objects before applying this product. Contact Time: Allow surface to remain wet for HBV, HCV and HIV-1 for 30 seconds. The contact times for other bacteria, viruses and fungi may differ. See product label for contact times. Disposal of Infectious Materials: Use disposable impervious gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

DISINFECTION / PARA DESINFECTAR
This product cleans, disinfects and deodorizes hard, nonporous medical surfaces in one step with no rinsing required.

TO CLEAN, DISINFECT AND DEODORIZE HARD, NONPOROUS SURFACES: Wipe surface until completely wet. Allow this product to remain wet for contact time listed on label. Let air dry. For heavily soiled areas, a precleaning is required.

PARA LIMPIAR, DESINFECTAR Y DESODORIZAR SUPERFICIES DURAS Y SIN POROS: Limpie la superficie hasta que esté completamente mojada. Deje que permanezca mojada con este producto por el tiempo de contacto que se lista en la etiqueta. Deje secar al aire. Para áreas muy sucias, se requiere una limpieza previa.
Toallitas Limpiadoras Desinfectantes con Peróxido de Hidrógeno

Efficacy tests have demonstrated that this product is an effective bactericide, fungicide and virucide* in the presence of organic soil (5% blood serum).

SPECIAL INSTRUCTIONS FOR USE AGAINST HIV-1, HBV AND HCV: This product kills HIV-1, HBV and HCV on precleaned hard, special porous surfaces. Personal Protection: When handling items soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, use disposable impervious gloves, gowns, masks and eye coverings. Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and other objects before applying this product. Contact Time: Allow surface to remain wet for HBV, HCV and HIV-1 for 30 seconds. The contact time for other bacteria, viruses, and fungi may vary. See product label for contact times. Disposal of Infectious Materials: Use disposable impervious gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

DISINFECTION PARA DESINFECCIÓN

This product cleans, disinfects and deodorizes hard, nonporous medical surfaces in one step with no rinsing required.

PARA LIMPIAR, DESINFECCION Y DESODORIZAR SUPERFICIES DURAS Y SIN POROS: Limpie la superficie hasta que esté completamente mojada. Deje que permanezca mojada con este producto por el tiempo de contacto que se lista en la etiqueta.

CAUTELA: Caused moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes; then continue rinsing. Call the poison control center at 1-800-222-1222 or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

DECLARACIONES PREVENTIVAS: APARATOS PARA LOS SERES HUMANOS Y ANIMALES DOMÉSTICOS

PRECAUCIÓN: Causa irritación moderada a los ojos. Evite el contacto con los ojos o la ropa. Lávese bien con agua y jabón después de usar y antes de comer, beber, mascar goma, usar tabaco o usar el inodor. PRIMEROS AUXILIOS: Contacto con los ojos: Mantenga los ojos abiertos y enjuague con agua lentamente, con cuidado, durante 15–20 minutos. Si hay lentes de contacto, retirelos después de los primeros 5 minutos, luego continúe enjuagando. Llame al centro de control de envenenamiento al 1-800-222-1222 o al médico para obtener asesoría sobre el tratamiento. Cuando llame a un centro de control de envenenamiento o al médico, o intente obtener tratamiento, tenga a la mano el envase o la etiqueta del producto. Control de envenenamiento: Almacene este producto en un lugar seco, lejos de la luz directa. Deje en un lugar sin humedad. 3.2.4.3.4.40

STORAGE AND DISPOSAL: Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. Dispose of wipe in trash after use. Do not flush. Do not reuse or refill except as described in the directions for use. Refill only with this product. Recycle empty container or discard in trash.

Hydrogen Peroxide
Cleaner Disinfectant Wipes
Toallitas Limpiadoras Desinfectantes con Peróxido de Hidrógeno

- Bactericidal, Virucidal, Tuberculocidal
- Compatible with Equipment Surfaces
- Formulated with Patented Hydrogen Peroxide Technology
- One-Step Disinfectant Cleaner
- No Harsh Chemical Fumes
- Non-Corrosive
- Non-Flammable

KEEP OUT OF REACH OF CHILDREN
MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS

CAUTION: SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.
PRECAUCIÓN: VEA EL PANEL POSTERIOR PARA DECLARACIONES PREVENTIVAS ADICIONALES.

ACTIVE INGREDIENT:
Hydrogen Peroxide..............................1.4%
OTHER INGREDIENTS: .......................98.6%
TOTAL: ........................................... 100.0%

INGREDIENTE ACTIVO:
Peróxido de Hidrógeno........................1.4%
OTROS INGREDIENTES: .....................98.6%
TOTAL: ........................................... 100.0%

185 PREMOISTENED
12" X 11" WIPEs
(30.5 cm X 27.9 cm)
NET WT 6 LB 6.8 OZ (2.91 kg)
DECLARACIONES PREVENTIVAS: RIESGOS PARA LOS SERES HUMANOS Y ANIMALES DOMÉSTICOS.

DIRECCIONES PARA EL USO: Es una violación de la ley federal usar este producto de una manera inconsistente con su etiqueta. No para el cuidado personal o el personal de limpieza. Para que las superficies que pueden estar en contacto con el producto, un potencial para la transmisión de Inmunodeficiencia Humana (HIV-1) (asociado con el) y (HIV-1), Human Hepatitis B (HVB) y Human Hepatitis C (HVC).

ESPECIAL INSTRUCCIONES PARA EL USO CONTRA HIV-1, HBV Y HCV: Este producto desinfecta y destina las superficies de objetos con sangre o fluidos corporales; y en las superficies de objetos que se asociarían con la superficie de objetos con sangre o fluidos corporales. En caso de aplicación de este producto. En caso de contacto con el producto, debe tener un tiempo de contacto debido a la etiqueta. Limpie el área con agua para limpiar días con (1) suspensión de inmembrana, pero que no penetra la barrera sanguínea o no entra normalmente en áreas estériles del cuerpo. Este producto puede ser utilizado para prevenir o descontaminar críticas o semi-criticas médicas previo a esterilizar o esterilizador de alta nivel.

ESPECIAL INSTRUCCIONES PARA EL USO DE INTEGRACIÓN Y DECONTAMINACIÓN CONTRA HIV-1, HBV Y HCV: Personal Protección: Cuando se manejan objetos con sangre o fluidos corporales, se pueden usar guantes desechables impermeables, gowns, mascarillas y gafas de protección.
