For Use in Homes and Other Residential Dwellings, Hospitals, Nursing Homes, Clinics, Medical Facilities, Businesses, Hotels, Motels, Restaurants, Schools, Institutions and Commercial Establishments

**Needs No Rinsing**

**Kills:** Aspergillus niger, Candida albicans, Escherichia coli, Klebsiella pneumoniae, Penicillium pinophilum, Penicillium variable, Pseudomonas aeruginosa, Salmonella enterica, Staphylococcus aureus, Streptococcus pyogenes, Trichophyton mentagrophytes, Vibrio cholerae, resistant Enterobacteriaceae, *Acinetobacter* Type 2, *Enterobacter* species, *Pseudomonas* aeruginosa, *Staphylococcus aureus*, and *Escherichia coli*. This product has demonstrated effectiveness against Avian Influenza A2 (H5N1) Virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 (formerly called “swine flu”).

**Kills Pandemic 2009 H1N1 Influenza A Virus** (formerly called “swine flu”).

**Disinfects:** Acts as a disinfectant on hard, non-porous environmental surfaces such as toilet seats, fixtures, glazed tile, wash bowls, shower stalls, walls, finished woodwork, counter tops, kitchen counter tops, tables and outside surfaces of appliances. The easy way to clean, disinfect and deodorize. Spray and wipe clean. Cleans and disinfects without scouring or scrubbing. Use in nursery and sickroom, for garbage and diaper pails, for any washable hard, non-porous environmental surface that needs disinfecting as you clean.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**To Clean and Deodorize:** Remove all gross filth or heavy soil from surfaces to be treated prior to using this product. Shake Well Before Each Use. Point nozzle opening toward area to be cleaned, press down firmly and spray evenly. Wipe clean with a dry cloth, turning frequently.

This product effectively controls the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surfaces. Apply by holding container upright 6 to 8 inches from surface to be treated. Spray until surface is completely wet. Let air dry. Repeat application at weekly intervals or when mildew growth appears. This product demonstrates effective fungicidal activity against pathogenic fungi, Trichophyton mentagrophytes, in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities and on clean hard, non-porous surfaces commonly contacted by bare feet. Follow disinfection directions.

**To Disinfect:** After surface is cleaned, hold container upright 6 to 8 inches from surface to be treated. Spray until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of tens minutes prior to wiping. When used as a disinfectant on food contact surfaces such as counter tops, tables and appliances, thoroughly rinse surfaces with potable water. Do not use on utensils, dishes or glasses.

**Kills HIV on Pre-Cleaned Environmental Surfaces Previously Soiled with Blood/Body Fluids** in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus type 1 (HIV) associated with AIDS. Special Instructions for Cleaning and Decontamination Against HIV on Surfaces/Objects Soiled with Blood/Body Fluids: Personal Protection: When handling items soiled with blood or body fluids, use appropriate barrier protection such as disposable latex gloves, gowns, masks and eye coverings.

Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant. Contact Time: Spray surface to be treated 3 to 4 seconds, from a distance of 8 inches, until surface is wet. Allow spray to dry without wiping or allow spray to contact treated surface for a minimum of tens minutes prior to wiping.

Disposal of Infectious Materials: Autoclave blood and other body fluids and dispose of according to federal, state and local regulations for infectious waste disposal. This product is not for use on medical devices or medical equipment surfaces.

**Storage and Disposal**

**Pesticide Storage:** Store in a cool, dry (preferably locked) place inaccessible to children and pets and away from direct sunlight, windows, flames and other sources of heat or ignition. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed on site or at an approved waste disposal facility. **Container Disposal:** Non-refillable container; do not refill or reuse this container. Do not puncture or incinerate. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

**PRECAUTIONARY STATEMENTS**

**Hazards To Humans & Domestic Animals**

**CAUTION:**

Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with eyes, skin or clothing. Harmful if inhaled. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before re-use.

**First Aid**

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.

**If On Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for medical treatment information.

**Physical Or Chemical Hazards**

Contains under pressure. Do not use or store near fire, sparks or heat. Do not store in direct sunlight. Do not smoke while using this product. Do not puncture or incinerate container. Exposure to temperatures above 120°F (49°C) may cause bursting. Incineration of container may cause explosion.
