Precautionary Statements and First Aid

Net Weight: 1.5 LBS. (680 g)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: HIGHLY CORROSIVE. Causes irreversible eye damage
and skin burns. May be fatal if swallowed. Do not take internally. Inhaling in a viable mist. Avoid breathing dust. Use
with adequate ventilation. Do not get into eyes, on skin or on
clothing. Wear protective clothing, chemical resistant gloves
and protective eyewear (goggles, face shield or safety glasses).

FIRST AID
Call a poison control center or doctor for treatment advice. Have
the product container or label with you when calling a Poison
Control Center or doctor or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with
water for 15 – 20 minutes. Remove contact lenses, if present,
after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing.
Wash skin immediately with plenty of water for 15 – 20 minutes.
IF SWALLOWED: Call a poison control center or doctor
immediately for treatment advice. Have person sip a glass of
water if able to swallow. Do not induce vomiting unless told
to do so by the poison control center or doctor. Do not give
anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing,
call 911 or an ambulance, then give artificial respiration,
preferably by mouth-to-mouth. If possible, use a bag or
Resuscitation Mask. If applicable, use artificial respiration.

NOTE TO PHYSICIAN: Probable mucous damage may
contradict the use of gastric lavage.

ENVIRONMENTAL HAZARDS
This product is toxic to fish.

PHYSICAL AND CHEMICAL HAZARDS
CHEMICAL HAZARD: STRONG OXIDIZING AGENT. May
react with water. Use clean dry containers. Do not store or
handle this product with any dispensing device containing
remnants of any other product. Such use may cause a violent
reaction resulting in an explosion. Combustibles with moisture,
organic matter, or other chemicals may start a chemical reaction
with generation of heat, liberation of hazardous gases, and
possible fire and explosion. In case of contamination or
decomposition, do not re-use container. If fire breaks
out, contain spill in open area or well-ventilated area.
Fire will produce large volumes of water if necessary.

STORAGE AND DISPOSAL
Store in original container in areas inaccessible to children in
a cool, dry, well-ventilated area. Do not store at temperatures
above 100°F. Nonrefillable container. Do not reuse or refill this
container. Discard empty container in trash or offer for
cycling if available.
