**DIRECTIONS FOR USE:**

- **ENHANCE Bromide Salt Solution**
  
  **A bromide solution for use with Rendezvous Spa Specialties Activate as part of a system for disinfection of water in spas**

  **Net Contents:** 32 FL. OZ. (946 ml)
  
  **DIRECTIONS FOR USE:**
  
  This product is a clear solution of bromide salts which remain as a stable bank in the spa or hot tub water. It provides disinfectant properties and it is only when Rendezvous Spa Specialties Activate is added that bromine is released in water containing this product.

  **PRECAUTIONARY STATEMENTS**
  
  **HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**
  
  **CAUTION:** Harmful if swallowed. Avoid contact with eyes, skin, or clothing. May cause eye and skin irritation. May cause respiratory tract irritation if inhaled. Wash with soap and water after handling and before eating, drinking, or using tobacco. Remove and wash contaminated clothing before reuse.

  **ENVIRONMENTAL HAZARD:** This pesticide is toxic to fish and aquatic organisms.

  **PHYSICAL AND CHEMICAL HAZARDS:** Do not mix with acids or oxidizers.

  **STORAGE AND DISPOSAL:** Keep this product dry in its tightly closed container when not in use. Do not reuse or refill this container. Rinse empty container thoroughly with water prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal of this chemical.

**IN CASE OF EMERGENCY CALL:** 1-800-654-6911

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

This product is a clear solution of bromide salts which remain as a stable bank in the spa or hot tub water. It provides disinfectant properties and it is only when Rendezvous Spa Specialties Activate is added that bromine is released in water containing this product.

**No disinfectant properties and it is only when Rendezvous Spa Specialties Activate is added that bromine is released in water containing this product.**

**DIRECTIONS FOR USE:**

1. **First, treat the spa/hot tub with Rendezvous Spa Specialties Protect Plus according to its labeling directions. Then, add 4 ounces of this product per every 250 gallons of water directly into the spa or hot tub. Circulate the water while adding this product to ensure thorough distribution.**

2. **For weekly maintenance, add one ounce of this product per every 250 gallons of water to maintain a sufficient bank of bromine in the water. Change water monthly or as needed to maintain water quality.**

3. **Always use according to the labeling directions.**

4. **Rendezvous Spa Specialties Activate**
