• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN
• Take off contaminated clothing
• Rinse skin immediately with plenty of water for 15 to 20 minutes.

IF INhaled
• Get fresh air.

SPECIAL FIRST AID PROCEDURES FOR ACCIDENTAL INGESTION

If on skin:
• Rinse skin immediately with plenty of water for 15 to 20 minutes.

• You may also call (314) 694-4000, collect, day or night, for emergency medical treatment information.

• Do not give anything by mouth to an unconscious person.

INHALATION
• Evacuate area. Provide fresh air. If not breathing, give artificial respiration.

INGESTION
• If swallowed, do not induce vomiting.
• Give 1-2 glasses of water or milk. Do not give anything by mouth to an unconscious person.
• Call a poison control center or doctor for treatment advice.

INCOMPATIBILITIES

Do not mix with, store or use this product or solutions of this product in stainless steel, fiberglass, plastic or painted containers. Solutions of this product may be mixed, stored and used in only stainless steel, fiberglass, plastic and wood-lined containers.

Solutions of this product react with such containers and tanks to produce hydrogen gas, which can cause a highly combustible gas mixture. This gas mixture could flash or explode if ignited by open flame, spark, welder's torch, lighted cigarette or other ignition source, causing serious personal injury.

DIRECTIONS FOR USE

Read entire label before using this product.

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

Use only for the manufacturing or formulating of, or repackaging as, an herbicide for use in the following crops: Crop Groups 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19; acacia; aloe vera; amarantha; asparagus; ateomyia; avocado; bamboo; banana; betelnut; biriba; bimbe; breadfruit; buffalo gourd; cassava (cocoa) bean; cactus; castor oil; canola; carambola (starfruit); chaya; chermiosya; coconut; coffee; cotton; cranberry; custard apple; date; okra; durian; eggle; feijoa; figs; flax; galingale; globe artichoke; Governor's plum; goat; grapes; raisin, table, vinete; guava; hops; llama; imb; imb; jatropha; jatrofruit; jujube; juniperberry; kava; kerat; kivi; lesquereillas; leucaena; longanberry; longan; lychee; mamey apple; mango; mangosteen; maracudabux; mango; meadowfoam; mioga; mountain papaya; mustard; nioi; (northern mudberry); okra; olive; oregano; palm; papaya; passionfruit; pasture grasses; paspaue; peanut; pepper; pepperberry; persimmon; pine nut; pineapple; pistachio; plantain; pomegranate; pulasan; quinoa; rambutan; rupe; rose apple; safflower; salai; sapodilla; sapote (black, mambe, white); sesame; sorghum (milo); sourgrass; soybean; Spanish lime; spearman; stork apple; stevia; strawberry; sugar apple; sugarbeet; sugarcane; sunflower; sunrean cherry; tamarind; tea; tef; tigul fruit; wasabi; water spinach; watercress; wos; jambu; yacon

For use in the following glyphosate-tolerant crops: Roundup Ready Alfalfa; Roundup Ready Canola (Spring Varieties); Roundup Ready Corn; Roundup Ready Cotton; Roundup Ready 2 Technology; Roundup Ready Cotton; Roundup Ready Flex Cotton; Roundup Ready Soybean; Roundup Ready 2 Yield Soybean; Roundup Ready Sugarbeet.

For the following uses: bermudagrass release; broadcast and spot weed control; chemical mowing; cut stump application; hollow stem injection; injection and frie; trim-and-edge; turfgrass renovation; site preparation; and other uses in, on or around the following sites: airports; apartment complexes; aquatic sites; commercial sites; construction sites; CRP land; ditch banks; dormant turfgrass; driveways; farmsrvoeds; fencemores; forestry; golf courses; industrial sites; landscape areas; lumber yards; non-food; shrub, vine, and ornamentals production sites; nurseries; parking areas; parks; recreational and public areas; pastures; rangelands; residential sites; railroads; right-of-way; roadsides; schools; sports complexes; turf and grass seed production; utility sites; wildlife food plots; woody brush and trees; and out-of-sites.

STORAGE AND DISPOSAL

Do not contaminate water, foodstuffs, feed or seed by storage or disposal.

PECTICIDE STORAGE: Keep container closed to prevent spills and product contamination.

PECTICIDE DISPOSAL: Wastes resulting from the use of this product that cannot be used or chemically reprocessed must be disposed of in a landfill approved for pesticide disposal or in accordance with applicable federal, state or local procedures. In case of spill or leak, soak up this product with an absorbent material and dispose of the material properly.

CONTAINER DISPOSAL: Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose.

Cleaning this container before refilling is the responsibility of the refiller. Cleaning this container before final disposal is the responsibility of the person disposing of the container. To clean the container before final disposal: empty the remaining contents from the container into formulating equipment or a mix tank. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinseate into formulating equipment or rinse collection system. Repeat this rinsing procedure two more times. Once properly rinsed, offer this container for recycling, if available, or reconditioning, if appropriate, or dispose of in accordance with federal, state and local regulations and procedures.

LIMIT OF WARRANTY AND LIABILITY

Monsanto Company does not warrant any product reformulated or repackaged from this product except in accordance with this Company's stewardship requirements and with express written permission from Monsanto Company.
