A selective herbicide for control of annual and perennial grasses and weeds in noncrop areas: landscape ornamentals not grown for commercial sale, parks, along roads & highways, around buildings, hedges, trees, sports grounds, along fences.

**NET WEIGHT:** 50 POUNDS

**ACTIVE INGREDIENT:**
Dichlobenil: 2,6-dichlorobenzonitrile .......... 4.0%

**INERT INGREDIENTS:** .................... 96.0%

**TOTAL 100.0%**

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**
See back of bag for complete Precautionary Statements and Directions for Use (including First Aid and Storage and Disposal).
SOIL SURFACE TREATMENT
Spring and fall applications are effective. Apply as soil surface treatment from late spring to early fall. Some materials that are chemical-resistant to this product are made of any water-permeable, particularly where the water table is shallow. Place BARRIER Ornamental Landscaping Herbicide directly on the top of the soil. Old weed growth should not be removed before application. Do not incorporate surface treatments more than once after applications have been made for the calendar year or before the next fall surfacing application.

STORAGE & DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

LIMITED WARRANTY AND DISCLAIMER
The manufacturer makes no warranty of merchantability or suitability of the product for any purpose. The manufacturer gives no warranty or representation of any kind with respect to the use of the product.
