DIRECTIONS FOR USE

1. When mosquito control is desired, open the Cutter® Backyard Bug Control Lantern and insert two AA batteries (included).
2. Carefully peel off the foil covering from the replacement scent cartridges, being careful not to touch the contents, and place in the bottom of the dispenser below the fan. Close the cover and place the motorized dispenser on a flat surface.
3. Twist the unit to turn on. The LED light on the top of the unit will indicate the unit is operating. Remember to turn the unit off when mosquito protection is not needed.

ADDITIONAL INSTRUCTIONS:
When using a battery-operated device, always follow the manufacturer’s recommendations for use and care of batteries.

USE & CARE:
Inserting the Battery:
Cutter Backyard Bug Control Repellent Lantern devices use two AA ALKALINE batteries. (1) Open the battery compartment, carefully remove the top lid of the unit by pulling one of the two bottom tabs and pulling the lid off. (2) Insert the batteries into the unit, negative [-] end first. (3) Replace the top lid, making sure that it locks securely in place.

Battery Cautions:
• Use of non-alkaline batteries may impair the unit’s operating performance.
• Never mix different types of batteries.
• Remove batteries from the device if the device is not in use for long periods of time.
• Store the device in a dry environment to prevent battery corrosion.
• Remove and dispose of dead batteries.

STORAGE AND DISPOSAL:
Pesticide Storage: Store in original container in a cool, dry place.
Pesticide Disposal and Container Handling: Non-refillable container. Do not reuse or refill this container. If empty, do not reuse this container. Recycle or offer for recycling if available. If not, follow your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals
CAUTION: Contents of Cutter Backyard Bug Control Mosquito Repellent Lantern are harmful if swallowed or inhaled. Causes respiratory irritation. Avoid inhalation, contact with eyes or clothing. Wash hands thoroughly after handling the Cutter Backyard Bug Control Mosquito Repellent Lantern to prevent the risk of irritation. See the product label for more information.

FIRST AID:
If inhaled:
• Remove person to fresh air away from dispenser.
• If person is not breathing, call 911 or an ambulance; then give artificial respiration, preferably mouth-to-mouth if possible.
• Call a poison control center or doctor for treatment advice.

If swallowed:
• Call a poison control center or doctor immediately for treatment advice.
• Have a person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of cold water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

Product Information:
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-795-3773 for emergency medical treatment information.

Environmental Hazards:
For terrestrial use, do not apply directly to water. Do not contaminate water when disposing of scent cartridges or dispenser.
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

When mosquito control is desired, open the Cutter® Backyard Bug Control Mosquito Repellent Lantern and insert two AA batteries.

Carefully peel off the film covering from the replacement scent cartridge, being careful not to touch the contents, and place it in the section of the dispenser below the hose. Close the cover and place the motorized dispenser on a flat surface.

Twist the unit to turn on. The LED light on the top of the unit will indicate the unit is operating. Remember to turn the unit off when mosquito protection is not needed.

You are now ready to enjoy your outdoor activities. Use a dispenser for every 64 sq ft (8 ft x 8 ft) of patio or deck. Replace after 14 days of continuous use, or when fragrance diminishes.

ADDITIONAL INSTRUCTIONS: When using a battery-operated device, always follow the following manufacturer’s recommendations for use and care of batteries.

USE & CARE • Inserting the Battery: Cutter® Backyard Bug Control Mosquito Repellent Lantern devices run on two AA ALKALINE batteries.

1. Open the battery compartment, carefully remove the top lid of the unit by pulling one of the two bottom tabs and pulling the lid off. 2. Insert the batteries into the unit, negative (-) end first. 3. Replace the top lid, making sure that it locks securely in place.

Battery Cautions: • Use of non-alkaline batteries may impair the unit’s operating performance. • Never mix different types of batteries. • Always replace batteries from the device if the device is not in use for long periods of time. • Store the device in a dry environment to prevent battery corrosion. • Remove and dispose of dead batteries.
