PRECAUTORY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CORROSIVE: Can cause irreparable eye damage. May be fatal if swallowed. Causes skin irritation. Harmful if absorbed through skin. Do not get in eyes, on skin, or on clothing. Do not breathe dust. When loading or handling wear protective eyewear (goggles or face shield), wear long-sleeved shirt and long pants, socks, shoes and chemically resistant gloves. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing separately from other laundry before reuse.

PERSONAL PROTECTIVE EQUIPMENT

Application and other handling must wear:
- coveralls, over long-sleeved shirt and long pants
- socks and chemical resistance footwear
- goggles or face shields
- chemical-resistant gloves (such as barrier, laminate, butyl nitrile/2-oxazene rubber, PVC or viton)

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning & maintaining PPE. If no such instructions exist for washable, use detergent and hot water. Keep and wash PPE separately from other clothes

USER SAFETY RECOMMENDATIONS

Users must wash hands before eating, drinking, chewing gum, or using the toilet. Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Apply this product only as specified on this label. Do not contaminate water by cleaning equipment, or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without prior notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, soil or food by storage or disposal.

PESTICIDE STORAGE: To maintain product quality, store at temperatures below 35°C. Keep container tightly closed when not in use. NOTE: Do not remove from container except for immediate use. When ready to use do not remove container from water soluble packaging.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonreturnable container. Do not reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other methods approved by state and local authorities.

CHEMTREAT C-206T

In Water-Soluble Bags

Controls bacteria, fungi, and algae in industrial cooling water systems and auxiliary water and waste water systems; controls slime-forming bacteria and fungi in industrial air-washer systems.

FOR INDUSTRIAL USE ONLY

ACTIVE INGREDIENT(S):

INERT INGREDIENT(S):

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

IF IN EYES:

Hold eyes open and flush with water for at least 15 minutes. Remove contact lenses, if present, after first few minutes, then continue flushing eyes.

IF ON SKIN OR CLOTHING:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes.

IF SWALLOWED:

Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by poison control center or doctor.

IF INHALED:

Move person to fresh air. If person is not breathing, call an emergency responder or an ambulance, first give artificial respiration, preferably mouth-to-mouth.

Have product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTICE TO PHYSICIAN

Chemical eye burns may require initial irrigation. Obtain prompt medical attention, preferably from an ophthalmologist. If irritation is present, suggest cool compress and/or cycloplegic. Do not use on open wounds. If irritation persists, discontinue use.

NOTICE TO PHYSICIAN

Contact person with symptoms, or call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER

IN CASE OF AN EMERGENCY:

EPA REG. NO. 464-234-15300

EPA EST. NO. 8J34-IL-001

Net Contents 15 kg. Net Weight: 5 kg/11.033 lbs.

Manufactured for:

Chem-Treat, Inc.

10049 Longfellow Road, Addison, Virginia 23005

(804) 935-2000

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

INDUSTRIAL COOLING WATER SYSTEMS

Note: Tablets wrapped in water soluble packaging are ready for use and should not be removed from protective film. To prevent corrosion, place a tablet of Chem-Treat C-206T in the holder provided (or equivalent) and suspend/float it in the water so the tablet is completely submerged. Additional holders may be obtained from Chem-Treat, Inc. Chem-Treat C-206T is best used in the basis of the cooling water system. Avoid areas of high velocity water flow. Avoid placing Chem-Treat C-206T in direct sunlight.

To control bacteria, fungi, and algae in close to moderately contaminated systems, add one tablet per 500 – 1,000 gallons of water in the system. Heavily contaminated systems may require two tablets per 500 – 1,000 gallons of water. EACH TABLET OR GROUP OF TABLETS OF CHEMTREAT C-206T WILL PROVIDE APPROXIMATELY 3 WEEKS OF CONTROL. Add additional tablet(s) of Chem-Treat C-206T per 500 – 1,000 gallons of water in the system every 3 weeks, or as needed to maintain control.

AUXILIARY WATER AND WASTE WATER SYSTEMS

Note: Tablets wrapped in water soluble packaging are ready for use and should not be removed from protective film. Place tablets in holder provided or equivalent. The holders prevent direct contact with metal surfaces and keep tablets near the surface allowing easy observation. Additional holders may be obtained from Chem-Treat, Inc.

Chem-Treat C-206T controls odor-forming and slime-forming bacteria, fungi, and algae in auxiliary water systems such as fire protection systems, pump or screen boxes; waste water and waste material disposal; holding or recovery systems such as storage tanks, storage piles, associated piping, settling ponds or lagoons; transport spillsways or conduits; and disposal wells. Chem-Treat C-206T should be added to the system at a rate of one tablet per 500 – 1,000 gallons of water in the system. Each tablet will provide approximately 3 weeks of control per 500 – 1,000 gallons of water.

INDUSTRIAL AIR-WASHER SYSTEMS

Use only in industrial air-washer systems that maintain effective air eliminators.

Note: Tablets wrapped in water soluble packaging are ready for use and should not be removed from protective film. Place tablets in holder provided or equivalent. These holders prevent direct contact with metal surfaces and keep tablets near the surface allowing easy observation. Additional holders may be obtained from Chem-Treat, Inc.

For control of slime-forming bacteria and fungi, add one to two tablets per 500 gallons of water in the system, depending on the severity of the contamination. Each tablet or group of tablets will provide approximately 3 weeks of control. Badly fouled systems must be cleaned before treatment is begun.

Notice: Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on the label when used in strict accordance with the directions. SULLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.
