Physical and Chemical Hazards: Danger. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gas and spatter. Do not add water to this product. Add only into water. Do not mix this product with a small amount of water. Only add this product directly to your pool. Do not allow children or pets to enter the pool while using this product.

Storage & Disposal: Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not store in a metal container. Use empty container thoroughly before disposing. Do not reuse or refill this container. Please empty container thoroughly into pool. Do not store or dispose of this material in an approved landfill site. Follow label directions for disposal. Do not contaminate food or feed by storage or disposal of equipment.

Environmental Hazard: This product is toxic to fish and aquatic organisms.

Emergency Handling: In case of contamination or decomposition—Do not recontaminate. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water until the material is dispersed. Dispose of container and any remaining material in an approved landfill site.

PHYSICAL AND CHEMICAL PROPERTIES

Color: Clear
Odor: Odorless
Odor: None
Specific Gravity: 1.0
Molecular Weight: 247.5
Phosphate: 0
Phosphate: 0
Other Ingredients: None

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ALL PRECAUTIONARY STATEMENTS BEFORE USE. WHY YOU SHOULD USE THIS PRODUCT. This is a highly effective, multi-purpose product that sanitizes, prevents algae and shock treat your pool. It is convenient, easy to use, and over-stabilizes your pool. For crystal clear pool water, follow the following step by step pool care plan:

Additional shock to keep water clear and clean is recommended after: rain and heavy winds, high number of swimmers; increased water temperature; and/or increased frequency of pool usage. HOW TO USE: Do not mix this product before adding it to your pool. Only add this product directly to your pool and adjust as needed.

Method for descaling into pool: Add the recommended dosage of this product into existing water. In this case, the pH and alkalinity are controlled. When adding this product to your pool, broadcast the powder evenly over a wide area in the deepest part of the pool, if any grates suffice to the bottom of the pool, use a broadcast device.

Method for skimmer addition: Make sure that the filter pump is on and properly regulating the flow skimmer. Empty skimmer of all chemicals and/or debris. Contamination may cause an explosion or the release of toxic gases. Do not use this method when an automatic chemical dispensing device (e.g., feeder) is present. Pour the product slowly into the skimmer, making sure that the product is completely flushed into the skimmer. At the same time, do not allow the material to contaminate or deplete to the bottom of the pool, use a broadcast device.

Water Balance: For best product performance, swimmer comfort and crystal clear water, use HTH pool care products to maintain the following water balance.

Acceptable Ranges for Balance

<table>
<thead>
<tr>
<th>pH</th>
<th>Alkalinity</th>
<th>Calcium Hardness</th>
<th>Available Chlorine</th>
</tr>
</thead>
<tbody>
<tr>
<td>7.2-7.6</td>
<td>60-120 ppm</td>
<td>Above 200 ppm</td>
<td>1-4 ppm</td>
</tr>
</tbody>
</table>

Follow label directions for each product and follow the descaling and do not adjust before adding additional products to the pool. Use a reliable test kit that measures all ranges. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of bodily injury.

Opening Your Pool: For best results, use the “WATER BALANCE” section above before treatment. Adjust and maintain pH to 7.2 to 7.6 range. Allow the pH adjusters to dissolve and dispersing before adding this product to the pool. 1. Follow “POOL SHOCK TREATER®” directions on this package. 2. Allow 30 minutes for product to dissipate. 3. Test free available chlorine shock with a pool test kit. 4. Restock, as needed, until the free available chlorine residual is 1-4 ppm. 5. POOL SHOCK TREATER® Add the recommended dosage of the chlorination product while the filter pump is running. Adjust and maintain pH to 7.2 to 7.6 range. Allow the pH adjusters to dissolve and dispersing before adding this product to the pool. When adding this product to your pool, broadcast this product evenly over a wide area in the deepest part of the pool. Dозирование: Внешний тренажер / Super Chlorination: For best results, use “WATER BALANCE” and “HOW TO USE” section above before treatment. EVERY 7 days or as necessary to prevent pool problems, shock feed / super chlorinate the pool by adding 16 to 22 ounces (joule to feet) per 1,500 gallons of water to yield 5-10 ppm available chlorine by weight. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of bodily injury.

Algae Control: Follow “SHOCK TREATMENT®” directions on the label. 1. Add this product as close as possible to any algae on the sides or bottom of the pool. 2. Do not eat until until the free available chlorine residual is 1-4 ppm. 4. If necessary, repeat the treatment. 5. To prevent possible staining or bleaching, take the following steps immediately after treatment. Thoroughly clean pool by brushing surface of algae growth. Vacuum and clean filter. For preventative algae control, use your preferred HTH Algaecide product regularly.

Precautionary Statements: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: Danger. Causes irreversible eye damage or skin burns. Harmful if swallowed, or absorbed through skin. May be in a well ventilated area. Avoid breathing dust and fumes. Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. After product has been used, wash long sleeves and long pants. Wash hands after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.
