VIROCID®

CONCENTRATED BROAD SPECTRUM DISINFECTANT

KEEP OUT OF REACH OF CHILDREN
DANGER

Have product container with you when calling the poison control center, doctor, or going for medical treatment.

IF IN EYES
Wash with large amounts of water for 15 minutes. Remove contact lenses, if present and easy to remove. Continue washing. Seek medical advice.

IF ON SKIN OR CLOTHING
Wash off with large amounts of water. If on skin, immediately wash with soap and water. Change clothing if clothing is contaminated. Wash clothing before reuse.

IF SWALLOWED
Do not induce vomiting. If the product was swallowed, call a poison control center or doctor.

IF INHALED
Remove patient to fresh air. If patient is not breathing, call 911 or in an emergency, use an automated external defibrillator (AED) if available. Give chest compressions. If medical advice is necessary, call a physician.

NOTE TO PHYSICIAN

Possible toxic effects may occur. Please direct all calls to poison control center.

APPLICATION:

- Corrosion, scaling and tube limescale in boilers, heat exchangers and cooling towers.
- Polisher hardness in boiler feedwater and condensate systems.
- Rust, scale and iron deposits in sanitary and industrial applications.

DIRECTIONS FOR USE:

- Dilute 1 part of the product with 3 parts of water. Apply to the surface in need of treatment.

End of treatment. Rinse with clean water after treatment. Use in cold, hot, or steam-water systems. Recommended for use in both closed and open systems. Avoid contact with eyes and skin. Store in a cool, dry place.
