PACKERS CHEMICALS, INC.

KC-631

Multi-Purpose, No-Rinse, Acid Cleaner, Food Contact Saftialil
For Food Handling and Process Areas. This product is 
Vircislur against Food and Meat Disease Viruses (FMDV).

INGREDIENTS:

Alkyl (50% C4, 40% C6, 10% C8)

Dimenthyl Ammonium Chloride 4.0%

Dicyclohexyl Dimethyl Ammonium Chloride 1.25%

Dioctyl Dimethyl Ammonium Chloride 1.25%

DIETHYLPENNYLAMINE 0.75%

OTHER INGREDIENTS:

TOTAL: 100.00%

KEEP OUT OF REACH OF CHILDREN
DANGER PELIGRO

See last panel for additional precautionary statements.

FOR USE AS A GENERAL DISINFECTANT, VIRCISLUR, AND CLEANER: 1. Pre-
saturate thistle-pint spray applicator. 2. Apply use solution of 1:200 of product per gal. of water
(225 ml per gal. of water) to surfaces to be disinfected. 3. Sprays, mops, or sponges can be used
to apply the product to non-porous surfaces. 4. Let stand 2 minutes. 5. Rinse or wash with
potable water. 6. Let dry. 7. Repeat if necessary.

FOR USE AS A SURFACE SANITIZER: 1. Pre-saturate the thistle-pint spray applicator. 2. Apply use solution of 1:200 of product per gal. of water
(225 ml per gal. of water) to surfaces to be disinfected. 3. Allow the solution to remain in contact
on the surface for 2 minutes. 4. Rinse with potable water. 5. Let dry. 6. Repeat if necessary.

FOR USE AS A DISINFECTANT FOR FOOD HANDLING AND PROCESS AREAS: 1. Pre-
saturate the thistle-pint spray applicator. 2. Apply use solution of 1:200 of product per gal. of water
(225 ml per gal. of water) to surfaces to be disinfected. 3. Let stand 2 minutes. 4. Rinse with
potable water. 5. Let dry. 6. Repeat if necessary.

FOR USE AS AN ANIMAL PERSONAL DISINFECTANT/VIRCISLUR: Apply a single
solution of 1:200 of product per gal. of water (225 ml per gal. of water) to the area to be disinfected.
