RE: EPA SLN Reg. No. WA-120003

Nalco Champion, an Ecolab Company has cancelled Washington Special Local Need (SLN) registration number WA-120003 for use of Formaldehyde Solution 37 (EPA Reg. No. 71021-2) on field grown ornamental bulbs to control nematodes, greater bulb flies, mites, Sclerotium rolfsii, Sclerotinia bulborum and Fusarium species.

Attached is a request from Nalco Champion, an Ecolab Company to voluntarily cancel this SLN in Washington because WA-160001 for use of Formaldehyde Solution 37 (EPA Reg. No. 90924-11) on field grown ornamental bulbs was issued as a replacement SLN.

Nalco Champion, an Ecolab Company agrees to waive the comment period for WA-120003.

If you have any questions, please contact me at (360) 902-2049 or by e-mail at sfoss@agr.wa.gov.

Sincerely,

PESTICIDE MANAGEMENT DIVISION
