You may also contact the hotline number 1-800-338-3059 for human or veterinary health concerns, emergency medical treatment information or pesticide incidents.
**APPLICATION DIRECTIONS**

1. Remove one applicator from packaging, hold applicator upright and remove cap.
2. Insert cap and place over empty tube back onto applicator tip. Push cap down to break seal.
3. Pour dog’s hair until it is visible. Place applicator tip directly against exposed skin.
4. For small dogs and puppies 6 weeks old or older weighing 5 to 10.5 lbs or weighing 11 to 22.8 lbs: Deposit entire contents by expressing the entire applicator contents onto dog’s skin, at a single site, between the shoulder blades as shown in Diagram 8a.
5. For medium dogs 23 to 44.4 lbs or large dogs 45 to 66.9 lbs: Apply the product evenly in three spots on the dog’s back, starting between the shoulder blades and continuing on to the second and third spots as shown in Diagram 8b, squeezing the applicator until empty.
6. For extra large dogs 67 to 132 lbs: Apply the product evenly to four spots on the dog’s back, starting between the shoulder blades and continuing on to the second, third, and fourth spots as shown in Diagram 8c, squeezing the applicator until empty.

Ensure that EFFITRAX® Topical Solution for Dogs is not applied superficially on dogs’ hair.

**FREQUENCY OF APPLICATION**

Rashes, lice, and biting and chewing lice infestations can be controlled with monthly applications of EFFITRAX® Topical Solution for Dogs. Biting lice and mosquitoes are controlled with EFFITRAX® Topical Solution for Dogs.

**Pecan:** EFFITRAX® Topical Solution for Dogs can start killing adult fleas within 6 hours and last for up to 3 months. Apply monthly if your dog has fleas that may cause flea allergy dermatitis (FAD), or if re-infestation is likely.

**Tick:** EFFITRAX® Topical Solution for Dogs can kill lice for at least 30 days. Apply monthly when tick control is constantly needed.

**Lice:** EFFITRAX® Topical Solution for Dogs can kill biting and chewing lice for up to a month. Apply monthly when lice control is constantly needed.

**Fleas:** EFFITRAX® Topical Solution for Dogs kills in the control of sarcoptic mange.

**Biting Flies and Mosquitoes:** When applied monthly, EFFITRAX® Topical Solution for Dogs repels biting flies and mosquitoes for up to 6 weeks (pre-moist). Kills mosquitos for up to four weeks (pre-moist).

**Notes:** Wait at least 30 days before re-application of EFFITRAX® Topical Solution for Dogs. Avoid contact with treated area until dry.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:** Store unused product in original container only, out of reach of children and animals.

**PACKAGING/CONTAINER DISPOSAL:** Do not reuse or refill container. Do not recycle. Disposal of empty containers is the sole responsibility of the user. Call your local waste disposal agency for disposal instructions.

**LIMITED WARRANTY AND DISCLAIMER**

VRABE warrants this product only if its use, stored, and handled in accordance with the label instructions. The buyer and user are solely responsible for all risks of use and handling of this product when such use and handling are contrary or differ from the label instructions. To the extent permitted by applicable law, any damages arising from a breach of this warranty shall be limited to direct damages only and shall not include any type of consequential damages.
