Diacon®

An Insect Growth Regulator

Control Insects in Stored Food Commodities

Approved for Use on All Grains, Spices, Feeds, and Seeds for Human and Animal Consumption

ACTIVE INGREDIENT:
(S)-Methoprene (CAS# 65733-16-6) ............... 33.6%
OTHER INGREDIENTS* .................................. 66.4%
TOTAL: .............................................. 100.0%

*Contains petroleum distillates
This product contains 2.5 lb/gallon (288 grams/liter)
(S)-methoprene active ingredient

KEEP OUT OF REACH OF CHILDREN

CAUTION
SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

NET CONTENTS:
1 LITER (33.8 FL OZ)
ACTIVE INGREDIENT:

UNDER FOLDER
INSTRUCTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply DISCOP® IGR to any food commodity including but not limited to: cereal grains, corn, sunflower, sorghum, barley, peanuts, wheat, rice, oats, soybeans, canola, rape, seeds and processed or non-processed commodities residue for the control of insect larvae.

DISCOP® IGR may be used in feedstuffs for ruminants and swine, and in pet feed. It may also be used to treat bird feeders and bird seed, livestock feed, feed, and other animal feeds. If the pet feed is not treated with DISCOP® IGR, it must be treated with a suitable insect growth regulator before it is used.

NON-AGRICULTURAL USE REQUIREMENTS

The product is not to be used in any manner inconsistent with its labeling.

To determine application rates for other commodities, contact your distributor or Wellmark International.

USE NOTES

- Apply DISCOP® IGR grain protectant only to grain or feedstuff containing insect larvae.
- Check spray equipment calibration regularly to ensure proper application rates.
- Add the measured amount of DISCOP® IGR to a spray tank filled with 15 gallons of water or oil, mix, and complete later filling with specified quantity of diluent. Keep mixed solution out of direct sunlight.
- Agitate before each use.
- Use to control storage facilities with DISCOP® IGR-treated commodities.
- DISCOP® IGR is a block-free product and can be used on animal feed.
- DISCOP® IGR may be used in pet feeders and bird seeders. Follow the equipment and pet manufacturer's directions.
- Ensure that the labeled rate of DISCOP® IGR is applied uniformly.
- Applications of DISCOP® IGR in animal feed, bird seed, or other feed products DO NOT require packaging labelling since the applicator is made to contain all of the product and no other items are made on the final packaging.
- DISCOP® IGR may be used with a suitable additive in diluted solutions or when diluting. When tank-mixing DISCOP® IGR with another additive, the non-insecticidal label will apply.
- DISCOP® IGR can be used with dust-controlling oils or finishing oils used in bird feed.
