**FIRST AID**

**HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE**

**IF SWALLOWED:**
- Call a poison control center, doctor, or 1-877-864-2494 immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.

**TREATMENT FOR PET POISONING**

If an animal eats this bait, call a veterinarian at once.

**NOTE TO PHYSICIAN OR VETERINARIAN**

Contains the nerve poison Bromethalin. This product is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), immediate action should be taken to prevent absorption of either emetics or gastric lavage. Sublethal symptoms, if present, would be the result of central edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ THIS LABEL: Read this entire label and follow all use directions and use precautions. IMPORTANT: Do not expose children, pets or nontarget animals to rodenticides. To help prevent exposure:
1. Store unused product out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from bait stations when they are filled, units must be secured or otherwise immobilized. Strongly encourage use of bait stations. Bait stations are needed in areas open to food (e.g., livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container and unused, spoiled or unconsumed bait as specified on this label.

Note: Bait stations are mandatory for outdoor, above-ground use. Tamper-resistant bait stations must be used if children, pets, non-target mammals, or birds may access the bait.

**USE RESTRICTIONS:** This product may only be used for control of Norway rats, red rats and house mice in and around homes, industrial, commercial, agricultural, and public buildings, and similar man-made structures. Do not apply further than 50 feet from buildings. Do not place near or inside ventilation duct openings. Do not contaminate water, feedstuffs, food and feed handling equipment, or milk or meat handling equipment or surfaces that come into direct contact with food. When used in USDA-inspected facilities, the product must be applied in tamper-resistant bait stations. Do not broadcast bait.

**Net Weight: 12 lbs (5.4 kg)**

**ENVIRONMENTAL HAZARDS**

This product is extremely toxic to mammals and birds. Do not apply directly to water, to or areas where surface water is present or to intertidal areas below the mean high water mark. Runoff also may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or rinsate.
