**KEEP OUT OF REACH OF CHILDREN**

**CAUTION:**

Read this entire label and follow all use directions and use precautions. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not exceed children, pets or nontarget animals to rodents. To help prevent exposure:

1. Store unused product out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and non-target wildlife, or in tamper-resistant bait stations.
3. Dispose of product container and unused, spoiled or unconsumed bait as specified on this label.

**Bait stations are mandatory for outdoor, above-ground use. Tamper-resistant bait stations must be used whenever children, pets, non-target mammals, or birds may have access to the bait placement location.**

**USE RESTRICTIONS:**

This product may only be used to control the following rodent pests in and around man-made structures: House mouse (Mus musculus), Norway rat (Rattus norvegicus), Roof rat (Rattus rattus), Cotton rat (Sigmodon hispidus), Eastern harvest mouse (Reithrodontomysニーn), Golden mouse (Heteromys muelleri), Polyvesan rat (Rattus exulans), Westar vole (Microtus penelope), White-throated woodrat (Neotoma albigula), Southern plains woodrat (Neotoma micropus), and Mexican woodrat (Neotoma mexicana). This product must be used in and within 100 feet of man-made structures constructed in a manner so as to be vulnerable to commercial rodent invasions and/or to harboring or attracting rodent infestations. Examples of such structures include homes and other permanent or temporary residences, food processing buildings, industrial and commercial buildings, trash receptacles, agricultural and public buildings, transport vehicles (ships, trains, aircraft), clocks and port or terminal buildings and related structures around and associated with these sites. Fence and perimeter baiting, beyond 100 feet from a structure as defined above, is prohibited. This product should not be applied directly to food or feed crops.

**ENABLED BY THE PRESENCE OF A MAMMARY OR HUMAN CONSUMPTION OF POWDER, GRANULES, OR SUSPENSIONS.**

This product is extremely toxic to mammals and birds. Dogs and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply directly to water, to areas or surface water is present or to intertidal areas below the mean high water mark. Rainfall also may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or waste.
