Doheny’s™ Pool Supplies FAST!

ALGAEICIDE
For Control of Algae & Algal Slime Growth in Swimming Pools

KEEP OUT OF REACH OF CHILDREN
DANGER PELIGRO

NET CONTENTS: 32 OZ. (946 ml)

FIRST AID Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If in eyes, rinse them with running water for 15-30 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: If you are not breathing, give artificial respiration. If you do not know how to give artificial respiration, call a poison control center or doctor. If you have vomited, do not give anything by mouth to an unconscious person. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

ACTIVE INGREDIENTS:
Algal (30%) C12-14, C16-18 C8, 100% C12-14, C16-18 C8
Non-Halogen Based Algaeicidal

INFORMATION AND HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Keep Out of Reach of Children. Corrosive. Causes irreversible eye damage and skin irritation. Harmful if swallowed. Avoid contact with eyes, skin or on clothing. Wear protective eyewear (goggles, safety glasses or face shield). Protective clothing, and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

Environmental Hazard
This product is toxic to fish.

Physical or Chemical Hazards
Do not use or store near heat or open flame or in car. Do not mix with soap, anionic detergents or oxidizers.

This product is compatible with most chemicals normally used in swimming pool maintenance; however, in its concentrated form, this chemical must not come in contact with high concentrations of chlorine or any other oxidizer. DO NOT MIX THIS PRODUCT AND CHLORINE OR ANY OTHER OXIDIZER TOGETHER before adding to the pool. These chemicals must be handled separately. This product was formulated to complement most swimming pool sanitizers. This product is not a stand alone product, it must be used with halogen based or non-halogen based pool sanitizers.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Please read entire label and use strictly in accordance with precautionary statements and directions. This product requires no special equipment for treating swimming pool water. The correct use dilution may be added directly to the pool in any spot or added to the water circulation equipment. This product works the best when added by itself directly to pool water.

INITIAL APPLICATION FOR SWIMMING POOLS
1. Backwash the filter thoroughly.
2. Vacuum algae debris and thoroughly brush pool.
3. Add 26 ounces of this product to each 10,000 gallons of water or ratio thereof.
4. Vacuum pool after 24 hours to remove dead algae.
5. If algae is still visible repeat dosage, steps 3 & 4, as necessary until pool is free of visible algae.
6. Once algae are under control, clean filter and return to normal operation.

MAINTENANCE APPLICATION: Add one quart of this product in 50,000 gallons of water every 3-6 days as needed.

BOOSTER APPLICATION: Add one quart of this product in 50,000 gallons of water after a heavy or prolonged rainfall or when there is a heavy bathing load. The above directions must be followed even when the pool is not in use. If algae growth is noticeable, apply initial dosage.

INSTRUCTIONS FOR USE WITH HALOGEN BASED POOL SANITIZERS
This product is formulated to complement most swimming pool sanitizers. When using other products as outlined in Directions For Use on those products, always follow Directions For Use on those products. This product is effective against the growth of algae. This product is efficient and non-staining when used as directed. This product will not evaporate and its algae fighting abilities actually increases as pool water temperature increases.
