ANTIBLU® XP-QUATTRO

For the control of Sapstain and Mold on Freshly Sawn Wood

ACTIVE INGREDIENTS:
Alkyl (60%)C14, 30%C12, 5%C16, 5%C18) dimethyl benzy! ammonium chlorides ........................................... 12.5%
Alkyl (68%C12, 32%C14) dimethyl ethylbenzyl ammonium chlorides ........................................... 12.5%
3-ido-2-propynyl butylcarbamate ................................ 3.0%
PROP CONAZOLE ........................................... 2.0%
OTHER INGREDIENTS ........................................... 70.0%
TOTAL ........................................... 100.0%

KEEP OUT OF REACH OF CHILDREN

DANGERS

See side panel for other precautionary statements.

FIRST AID

IF SWALLOWED:
• Call a Poison Control Center or doctor immediately for treatment advice.
• Do not induce vomiting unless told to do so by poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable by mouth-to-mouth, if possible.
• Call a Poison Control Center or doctor for further treatment advice.

IF ON SKIN:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a Poison Control Center or doctor for treatment advice.

IF IN EYES:
• Hold eye and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when you call a Poison Control Center or doctor, or when going for treatment.

In case of emergency call 1-800-654-6911

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

Manufactured for: Arch Wood Protection, Inc., 5660 New Northside Drive, Suite 1100, Atlanta, GA 30328
ACEAN 24-Hr. Emergency Response 800-654-6911
EPA Reg. No. 62190-33
EPA Est. No. 62190-GA-001
Net Contents: 275 gallons

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons.

Not for food grade/food contact paper or paper board.

For Industrial and Commercial Use

Antiblu® XP-Quattro may be applied to wood and wood products by immersion or spray methods according to the dilutions provided below. Dilution levels may vary widely and will depend on application methods, wood species, seasonal changes in exposure conditions, length of protection desired, and wood storage and transport conditions.

For spray applications: Mix one gallon of AntiBlu® XP-Quattro to 5-25 gallons of water.

For immersion applications: Mix one gallon of AntiBlu® XP-Quattro to 25-150 gallons of water.

For best results, apply AntiBlu® XP-Quattro to recently felled and fresh sawn or peeled wood ensuring total coverage. Allow treated wood to drain in a contained area before storage, and ensure that freshly treated wood is not allowed to remain unprotected in heavy rains.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal or cleaning of equipment.

Pesticide Storage: Open dumping is prohibited. Keep container closed when not in use. Store in a dry, well ventilated area away from food or feed.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not refill or reuse container. Triple rinse as follows: Fill container ¾ full with water. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Follow Pesticide Disposal Instructions for rinsate disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
