FEATURES, CLAIMS, AND USES
This product is an effective Virucide, Bactericide, Tuberculocide, and Fungicide on hard nonporous surfaces when used as directed. This product has demonstrated effectiveness against the following microorganisms:

**VIRUCIDAL** – Kill 99.99% of the following enveloped viruses: Herpes Simplex Type 1 & 2, Human Papilloma Virus Types 16 & 18, Herpes Simplex Virus Type 2, Influenza A Virus, Adenovirus Types 1, 2, 3, 5, 6, 7, 10.

**BACTERICIDAL** – Kill Escherichia coli, Klebsiella pneumoniae, Staphylococcus aureus, Staphylococcus epidermidis, Proteus mirabilis, Pseudomonas aeruginosa, Pseudomonas fluorescens, Enterococcus faecalis, and Candida albicans.

**TUBERCULOCIDAL** – Kill Mycobacterium tuberculosis (Tubercle bacilli).

**FUNGICIDAL** – Kill Cylindrocarpon destructans (famous for the "black foot" fungus), formerly known as T. interdigitale, in bathrooms, shower areas, and toilet bowl areas.

**CONTROL** MOLD/Mildew – Completely inhibits the growth of Aspergillus niger and Penicillium variabile fungus on fabric.

SANTIZEE – Controls Staphylococcus aureus and Klebsiella pneumoniae on porous fabric and leather surfaces such as those on shoes, athletic mats, seats, clothes, and other articles.

DEODORIZER – Pleasant fragrance quickly suppresses offensive odors from sources of urine and feces, such as in bathrooms, shower areas, and toilet bowl areas.

FOR USE IN: Industrial, Institutional, Commercial, Medical, and Residential Facilities, equipment, and vehicles; includes hotels; daycare centers; nursing homes; and other institutions.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING: Causes substantial temporary eye injury. Harmful if absorbed through the skin or eyes. Use appropriate personal protective equipment (PPE). If swallowed, call 1-800-326-0222. If inhaled, move to fresh air. If not breathing, give artificial respiration. If mouth is contaminated, prevent further ingestion by inducing vomiting. If you think you have ingested this material, contact a physician or Poison Control Center immediately. If you suspect a first-aid or medical emergency, call 911 or your local emergency number immediately.

**HOT LINE NUMBER:** In case of an emergency call toll free 1-800-326-0222. Have the product container available when calling a Poison Control Center or doctor for treatment advice.

**FIRST AID**

**In eyes:** Hold eye open and rinse slowly and gently with water for 15-30 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

**On skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is not to be used as a terminal stalk or other level disinfectant on any surface or treatment that is (1) introduced directly into the human body, either in or contact with the bloodstream or normal body tissues of the body, or (2) by which it is directly into the body itself by the body. This product may be used to prevent or combat communicable disease by original or secondary medical treatments, there is no risk of transmission to humans or animals.

**STORAGE & DISPOSAL**

Must be stored in a cool, dry, well-ventilated area inaccessible to children and away from sources of heat and ignition (including flames, sparks, hot surfaces, and sunlight). Do not contaminate or incinerate it. After use, dispose of the product in a place where the product is not contaminated or incinerated. If you have any questions about the proper use of this product, contact the nearestcent mapic or local waste disposal agency for assistance.
