1. Remove one applicator tube from the package and hold in an upright position pointed away from your face.

2. Pull off cap. Turn the cup around and place on top of tube.

3. Simply press cap down to break the seal of the tube. Remove cap carefully.

4. Position the tip of the tube on the dog's back between the shoulder blades. Use the tip of the tube to part the dog's hair so that the product will be applied at skin level. Begin squeezing out the contents of the tube to form a stripe as you move from the shoulder blades along the dog's back to the base of the tail.

5. Repeat every month.

6. Do not bathe your dog 48 hours prior to application.

7. Separate treated dog from other pets for 24 hours after treatment has been applied.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage and disposal. Pesticide Storage: Store in a cool, dry (preferably locked) area that is inaccessible to children and animals. Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container Disposal: Non-refillable container. Do not reuse or refill container. If empty: Offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

SIDE EFFECTS
Monitor your dog after application. Side effects, although very rare, may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or call 1-800-275-1414.

DO NOT USE ON CATS.
Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.
