Hartz® UltraGuard®
Topical
Flea & Tick Prevention
for Dogs & Puppies

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS – CAUTION:
Causes moderate eye irritation. Avoid
contact with eyes or clothing. Wash
thoroughly with soap and water after
handling and before eating, drinking,
chewing gum or using tobacco.

HAZARDS TO DOMESTIC ANIMALS:
DO NOT USE ON OTHER ANIMALS.
Do not use on dogs or puppies less than
12 weeks old or weighing less than 61
lbs. Do not use this product on
debilitated, aged, medicated, pregnant or
nursing animals or on animals known to
be sensitive to pesticide products without
first consulting a veterinarian. Sensitivity,
such as slight transitory redness of the
skin at the site of application, may occur
after using ANY pesticide product for
pets. If signs of sensitivity occur, bathe
your pet with mild soap, rinse with large
amounts of water, and consult a
veterinarian immediately.

ENVIRONMENTAL HAZARDS: This
product is toxic to fish.

FIRST AID:
If in eyes: • Hold eye open and rinse
slowly and gently with water for 15-20
minutes. • Remove contact lenses, if
present, after the first 5 minutes, then
continue rinsing eye. • Call a Poison
Control Center or doctor for treatment
advice.

HOT LINE NUMBER: Have the
product container or label with you
when calling a poison control center,
doctor or veterinarian, or going for
treatment. For additional information
on this pesticide product (including
health concerns, medical
emergencies or pesticide incidents),
you may call 1-800-275-1414.

For more information, call our experts at
1-800-275-1414.

FOR USE ONLY ON DOGS
AND PUPPIES 12 WEEKS
AND OLDER WEIGHING
61to150lbs.

DIRECTIONS FOR USE: It is a violation of Federal law to use this
product in a manner inconsistent with its labeling.

IMPORTANT! READ ENTIRE LABEL BEFORE EACH USE.

DO NOT APPLY MORE THAN
ONE TUBE PER TREATMENT.

DO NOT HAVE CONTACT
WITH OR ALLOW CHILDREN
TO HAVE CONTACT WITH
TREATED AREA UNTIL
COMPLETELY DRY.

DO NOT USE ON OTHER
ANIMALS.

1. Remove one applicator tube from
the package and hold in an upright
position pointed away from your
face.

2. Pull off cap. Turn the
cap around and place on top of tube.

3. Simply press cap down to break
the seal of the tube. Remove cap carefully.

4. Position the tip of the
tube on the dog's back
between the shoulder
blades. Apply the tube
to the dog's hair
so that the product will be
applied at skin level. Begin squeezing out
the contents of the tube
to form a stripe as you move
from the shoulder blade along
the dog's back to the base of the tail.

5. Repeat every month.
6. Do not bathe your dog 48 hours after treatment.
7. Separate treated dog from other pets for 24 hours after
treatment has been applied.

STORAGE AND DISPOSAL: Do not contaminate water, food or
feed by storage and disposal. Pesticide Storage: Keep this
product in its tightly closed original container, when not in use.
Store in a cool, dry (preferably locked) area that is inaccessible to
children and animals. Pesticide Disposal: Wastes resulting from
the use of this product may be disposed of on site or at an
approved waste disposal facility. Container Disposal:
Non-refillable container. Do not reuse or refill container. If empty:
Offer for recycling, if available. If partially filled: Call your local solid
waste agency for disposal instructions. Never place unused
product down any indoor or outdoor drain.

SIDE EFFECTS:
Monitor your dog after application. Side effects, although very rare,
may include signs of skin irritation such as redness, scratching, or
other signs of discomfort. Cardiovascular signs such as vomiting
or diarrhea have also been reported. If these or other side effects
eventually occur, consult your veterinarian or call 1-800-275-1414.

DO NOT USE ON CATS.
Keep cats away from treated
dogs for 24 hours. If applied
to a cat or ingested by a cat,
contact your veterinarian.
