For Dogs and Puppies 8 weeks and older and over 88 lb and up to 132 lb ONLY

HAZARDS TO DOMESTIC ANIMALS
For external use on dogs and puppies only. Do not use on puppies under 8 weeks of age. Consult a veterinarian before using the product on debilitated, aged, and medicated animals. Do not use on pregnant or nursing animals. Individual sensitivities, while rare, may occur after using any topical product. If signs of sensitivity occur in the pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated animals.

DO NOT USE ON CATS. May be toxic or potentially fatal if applied to or ingested by cats. Accidental application to cats and/or grooming a recently treated dog may result in reversion and/or uncoordinated muscle movements. If this occurs, immediate veterinary care should be provided. Cats which are actively groomed and/or engage in close physical contact with recently treated dogs may be at risk of serious harmful effect.
