BATCH NO: NET CONTENTS:
22 fl. oz. (651mL)
STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Open dumping is prohibited. Store only in original container. Do not cause container to be crushed, punctured, or torn. If leaky container must be removed, mark the outer container to identify the contents. Store pesticides away from food, pet feed, seed, fertilizers, and veterinary supplies. Keep this product under adequate storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous, improper disposal of excess pesticide, spray mixture or drone is violative of Federal law. If these wastes are disposed of properly according to your state's instructions, contact your State Pesticide or Enviromental Control Agency, or the Hazardous Waste Registrar of the nearest EPA Regional Office for guidance.

CONTAINER HANDLING DISPOSAL: Non-returnable container. Do not reuse this container to hold materials other than pesticides or insecticides. Triple rinse. After emptying and cleaning, it may be allowable to temporarily hold rinsates or other pesticide-related materials in the container. Contact your state regulatory agency to determine allowable practices in your case. Offer for recycling if available or paint and disponse in a sanitary landfill, or by other procedures approved by state and federal authorities. If these cannot be used, follow pesticide disposal instructions. If not triple rinse, these containers are acute hazardous wastes and must be disposed in accordance with local, state and federal regulations.

RESIDUE REMOVAL INSTRUCTIONS: Triple rinse container promptly after emptying. Triple rinse as follows: Fill the container 1/4 full with water and teasp. Shake for 10 seconds. Pour out. Repeat residue disposal instructions for residue disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.
